### PROXY STATEMENT

#### FOR THE 2026 ANNUAL MEETING OF STOCKHOLDERS

to be held at 9:00 am Pacific Time on Thursday,

May 21, 2026

This proxy statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our board of directors for use at the 2026 annual meeting of stockholders of Dropbox, Inc., a Nevada corporation, and any postponements, adjournments or continuations thereof (the “**Annual Meeting**”). The Annual Meeting will be held on Thursday, May 21, 2026 at 9:00 am Pacific Time. The Annual Meeting will be conducted virtually via live audio webcast. You will be able to attend the Annual Meeting virtually by visiting [www.virtualshareholdermeeting.com/DBX2026](http://www.virtualshareholdermeeting.com/DBX2026), where you will be able to listen to the meeting live, submit questions and vote online. Our proxy statement and 2025 annual report are first being mailed on or about [\_\_\_\_], 2026 to all stockholders entitled to vote at the Annual Meeting.

The information provided in the “question and answer” format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully. Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this proxy statement and references to our website address in this proxy statement are inactive textual references only.

#### What matters am I voting on?

You are being asked to vote on:

- the election of seven directors to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified;
- a proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2026;
- a proposal to approve, on an advisory basis, the compensation of our named executive officers;
- a proposal to approve an amendment and restatement of our Articles to waive jury trials for internal actions, together with contextual and other ministerial changes; and
- any other business as may properly come before the Annual Meeting.

#### How does the board of directors recommend I vote on these proposals?

Our board of directors recommends a vote:

- “FOR” the election of each director nominee named in this proxy statement;
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2026;
- “FOR” the approval, on an advisory basis, of the compensation of our named executive officers; and
- “FOR” the amendment and restatement of our Articles to waive jury trials for internal actions, together with contextual and other ministerial changes.

## GENERAL INFORMATION (continued)

### How many votes are needed for approval of each proposal?

- **Proposal No. 1:** Each director is elected by a plurality of the votes of the shares present virtually or represented by proxy at the meeting and entitled to vote on the election of directors at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote. "Plurality" means that the seven nominees who receive the largest number of votes cast "for" such nominees are elected as directors. As a result, any shares not voted "for" a particular nominee (whether as a result of a withhold vote or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election. You may vote "For" or "Withhold" on each of the nominees for election as a director.
- **Proposal No. 2:** The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2026, requires the affirmative vote of a majority of the voting power of the shares of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon. You may vote "For," "Against," or "Abstain" with respect to this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "Against" this proposal. Broker non-votes will have no effect on the outcome of this proposal.
- **Proposal No. 3:** The approval, on an advisory basis, of the compensation of our named executive officers requires the affirmative vote of a majority of the voting power of our common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote thereon. You may vote "For," "Against," or "Abstain" with respect to this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "Against" this proposal. Broker non-votes will have no effect on the outcome of this proposal. Because this proposal is an advisory vote, the result will not be binding on our board of directors or our company. Our board of directors and our talent and compensation committee will consider the outcome of the vote when determining named executive officer compensation.
- **Proposal No. 4:** The approval of the amendment and restatement of our Articles to waive jury trials for internal actions, together with contextual and other ministerial changes, requires the affirmative vote of the holders of at least two-thirds of the voting power of the outstanding shares of our common stock entitled to vote thereon, voting together as a single class. As a result, abstentions and broker non-votes will have the same effect as a vote "Against" this proposal. You may vote "For," "Against," or "Abstain" with respect to this proposal.

### Who is entitled to vote?

Holders of our Class A and Class B common stock as of the close of business on March 26, 2026, the record date for the Annual Meeting, may vote at the Annual Meeting. As of the record date, there were [ ] shares of our Class A common stock outstanding and [ ] shares of our Class B common stock outstanding. Our Class A common stock and Class B common stock will vote as a single class on all matters described in this proxy statement for which your vote is being solicited. Stockholders are not permitted to cumulate votes with respect to the election of directors. Each share of Class A common stock is entitled to one vote on each proposal and each share of Class B common stock is entitled to 10 votes on each proposal. Our Class A common stock and Class B common stock are collectively referred to in this proxy statement as our "common stock."

**Registered Stockholders.** If shares of our common stock are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record with respect to those shares, and the proxy materials were provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote live at the Annual Meeting. Throughout this proxy statement, we refer to these registered stockholders as "stockholders of record."

**Street Name Stockholders.** If shares of our common stock are held on your behalf in a brokerage account or by a bank or other nominee, you are considered to be the beneficial owner of shares that are held in "street name," and the proxy materials were forwarded to you by your broker or nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank, or other nominee as to how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, since a beneficial owner is not the stockholder of record, you may not vote your shares of our common stock live at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of our proxy materials by mail, your broker, bank, or other nominee will provide a voting instruction form for you to use. Throughout this proxy statement, we refer to stockholders who hold their shares through a broker, bank, or other nominee as "street name stockholders."

### Are a certain number of shares required to be present in order to hold the Annual Meeting?

A quorum is the minimum number of voting power required to be present at the Annual Meeting to properly hold an annual meeting of stockholders and conduct business under our bylaws and Nevada law. The presence, virtually or by proxy (regardless of whether the proxy has authority to vote on any matter), of a majority of the voting power of all issued and outstanding shares of our common stock entitled to vote at the Annual Meeting will constitute a quorum at the Annual Meeting. Abstentions, "Withhold" votes, and broker non-votes are counted as shares present and entitled to vote for purposes of determining a quorum.

## GENERAL INFORMATION (continued)

### How do I vote?

If you are a stockholder of record, there are several ways to vote:

- by Internet prior to the Annual Meeting at [www.proxyvote.com](http://www.proxyvote.com), 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on May 20, 2026 for shares held directly and by 11:59 p.m. Eastern Time on May 18, 2026 for shares held in a Dropbox, Inc. employee stock ownership plan (a “**Plan**”) (have your proxy card in hand when you visit the website);
- by toll-free telephone at 1-800-690-6903, until 11:59 p.m. Eastern Time on May 20, 2026 for shares held directly and by 11:59 p.m. Eastern Time on May 18, 2026 for shares held in a Plan (have your proxy card in hand when you call);
- by completing and mailing your proxy card; or
- by attending the Annual Meeting by visiting [www.virtualshareholdermeeting.com/DBX2026](http://www.virtualshareholdermeeting.com/DBX2026), where you may vote and submit questions during the meeting (please have your proxy card in hand when you visit the website).

Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you are a street name stockholder, you will receive voting instructions from your broker, bank, or other nominee. You must follow the voting instructions provided by your broker, bank, or other nominee in order to direct your broker, bank, or other nominee on how to vote your shares. Street name stockholders should generally be able to vote by returning a voting instruction form, or by telephone or on the Internet. However, the availability of telephone and Internet voting will depend on the voting process of your broker, bank, or other nominee. As discussed above, if you are a street name stockholder, you may not vote your shares live at the Annual Meeting unless you obtain a legal proxy from your broker, bank, or other nominee.

### How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of our common stock in street name for their customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole “routine” matter: the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2026. Your broker will not have discretion to vote on any other proposals, which are “non-routine” matters, absent direction from you (and failure to provide instructions on these matters will result in a “broker non-vote”).

### Can I change my vote?

Yes. If you are a stockholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or by telephone;
- completing and returning a later-dated proxy card;
- notifying the Corporate Secretary of Dropbox, Inc., in writing, at Dropbox, Inc., 1800 Owens Street, San Francisco, California 94158; or
- you may also change your vote by attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

If you are a street name stockholder, your broker, bank, or other nominee can provide you with instructions on how to change your vote.

### What do I need to do to attend the Annual Meeting?

You will be able to attend and participate in the Annual Meeting virtually, submit your questions during the meeting and vote your shares electronically at the meeting by visiting [www.virtualshareholdermeeting.com/DBX2026](http://www.virtualshareholdermeeting.com/DBX2026) and by entering the control number included on your proxy card. The Annual Meeting webcast will begin promptly at 9:00 am Pacific Time. We encourage you to access the meeting prior to the start time. Online check-in will begin at 8:45 am Pacific Time, and you should allow ample time for the check-in procedures.

## GENERAL INFORMATION (continued)

### What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. Andrew W. Houston and Ross Tennenbaum have been designated as proxy holders by our board of directors. When proxies are properly dated, executed, and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If the proxy is dated and signed, but no specific instructions are given, the shares will be voted in accordance with the recommendations of our board of directors as described above. If any matters not described in this proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote the shares. If the Annual Meeting is postponed or adjourned, the proxy holders can vote the shares at the postponed or adjourned Annual Meeting as well, unless you have properly revoked your proxy, as described above.

### How are proxies solicited for the Annual Meeting?

Our board of directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending our proxy materials to you if a broker, bank, or other nominee holds shares of our common stock on your behalf. In addition, our directors and employees may also solicit proxies by telephone, by electronic communication or by other means of communication. Our directors and employees will not be paid any additional compensation for soliciting proxies.

### Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the Securities and Exchange Commission ("**SEC**") within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we will file a Form 8-K to publish preliminary results and will provide the final results in an amendment to the Form 8-K as soon as they become available.

### I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called "householding," which the SEC has approved. Under this procedure, we deliver a single copy of our proxy materials, to multiple stockholders who share the same address, unless we have received contrary instructions from one or more of such stockholders. This procedure reduces our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of our proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these materials. To receive a separate copy, or, if a stockholder is receiving multiple copies, to request that we only send a single copy of our proxy materials, such stockholder may contact us at:

Dropbox, Inc.  
Attention: Corporate Secretary  
1800 Owens Street  
San Francisco, California 94158  
IR@dropbox.com

Street name stockholders may contact their broker, bank, or other nominee to request information about householding.

### What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

#### Stockholder Proposals

Stockholders may present proposals for inclusion in our proxy statement and for consideration at next year's annual meeting of stockholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for the 2027 annual meeting of stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices not later than [December 8, 2026]. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Stockholder proposals should be addressed to the Corporate Secretary at the company's headquarters. The current address for our headquarters is:

Dropbox, Inc.  
Attention: Corporate Secretary  
1800 Owens Street  
San Francisco, California 94158  
IR@dropbox.com

## GENERAL INFORMATION (continued)

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting of stockholders is business that is (i) specified in our notice of annual meeting (or any supplement thereto), (ii) otherwise properly brought before such annual meeting by or at the direction of our board of directors, or (iii) properly brought before such meeting by a stockholder of record entitled to vote at such annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for the 2027 annual meeting of stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

- not earlier than [January 22], 2027; and
- not later than [February 21], 2027.

In the event that we hold the 2027 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary of the Annual Meeting, a notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120<sup>th</sup> day before the 2027 annual meeting of stockholders and no later than the close of business on the later of the following two dates:

- the 90th day prior to the 2027 annual meeting of stockholders; or
- the 10th day following the day on which public announcement of the date of the 2027 annual meeting of stockholders is first made.

If a stockholder who has notified us of his, her, or its intention to present a proposal at an annual meeting of stockholders does not appear to present his, her, or its proposal at such annual meeting, we are not required to present the proposal for a vote at such annual meeting.

### **Recommendation or Nomination of Director Candidates**

Holders of 1% of our fully diluted capitalization for at least 12 months prior to the submission of the recommendation may recommend director candidates for consideration by our nominating and corporate governance committee. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors and should be directed to our Corporate Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see the section titled "*Board of Directors and Corporate Governance—Stockholder Recommendations and Nominations to the Board of Directors.*"

Our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time periods described above under the section titled "*General Information—What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?—Stockholder Proposals*" for stockholder proposals that are not intended to be included in a proxy statement.

In addition, a stockholder who desires to nominate director candidates for election at the 2027 Annual Meeting, which is expected to be held in or about May 2027, must comply with the requirements of the recently enacted Rule 14a-19 by notifying our Corporate Secretary with regard to the intent to solicit proxies in support of director nominees (other than our nominees) as required by Rule 14a-19 no later than March 22, 2027. Please note that the notice requirement under Rule 14a-19 is in addition to the applicable notice requirements under the advance notice provisions of our bylaws as described above.

### **Availability of Bylaws**

A copy of our bylaws is available via the SEC's website at <http://www.sec.gov>. You may also contact our Corporate Secretary at the address set forth above for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

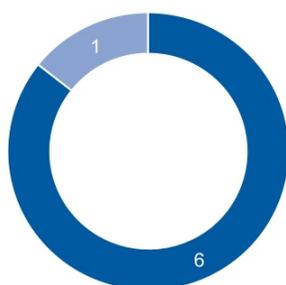

## BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Our business affairs are managed under the direction of our board of directors. Our board of directors consists of eight directors, seven of whom qualified as “independent” under the listing rules of the Nasdaq Stock Market (“*Nasdaq*”).

Until the outstanding shares of our Class B common stock represent less than a majority of the combined voting power of our common stock, we will have a single class of directors who are each elected for one-year terms and until their successors are duly elected and qualified. When the outstanding shares of our Class B common stock represent less than a majority of the combined voting power of our common stock, we will have a classified board of directors consisting of three classes of approximately equal size, each serving staggered three-year terms. Our directors will be assigned by the then-current board of directors to a class.

In determining the composition of our board, our board of directors and nominating and corporate governance committee are committed to ensuring that our directors maintain effective and independent oversight of our business and that they capably represent the interests of our company and our stockholders. In addition, our nominating and corporate governance committee strives to maintain a balance of tenure on our board. Long-serving directors bring valuable experience and institutional knowledge, while newer directors contribute fresh perspectives and viewpoints. The following charts provide summary information about our continuing directors and director nominees with respect to independence and tenure. For additional information regarding our criteria for evaluating director nominees, see the section titled “*Board of Directors and Corporate Governance—Considerations in Evaluating Director Nominees.*”

## Director Independence

Under the listing rules of Nasdaq, independent directors must comprise a majority of a listed company's board of directors. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company's audit, talent and compensation, and nominating and corporate governance committees be independent. Under Nasdaq rules, a director will only qualify as an "independent director" if, in the opinion of the company's board of directors, the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our board of directors has undertaken a review of the independence of each director. Based on information provided by each director concerning his or her background, employment, and affiliations, our board of directors has determined that Drs. Jacobs and Moore, Messrs. Jenson, Parasnis and Seibel, and Mss. Campbell and Peacock do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under Nasdaq listing rules. In making these determinations, our board of directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director, and the transactions involving them, if any, described in the section titled "*Certain Relationships, Related Party and Other Transactions*."

## Board Leadership Structure and Role of the Lead Independent Director

Mr. Houston currently serves as both the chair of our board of directors and as our Chief Executive Officer. As our co-founder, Mr. Houston is best positioned to identify strategic priorities, lead critical discussion, and execute our business plans.

Our board of directors has adopted Corporate Governance Guidelines that provide that one of our independent directors should serve as our lead independent director at any time when the chair of our board of directors is not independent, including when our Chief Executive Officer serves as the chair of our board of directors. Because Mr. Houston is our chair and is not an "independent" director as defined in Nasdaq's listing rules, our board of directors has determined that it is advisable and in the best interests of the company and our stockholders to have a lead independent director to, among other things, preside over meetings of the independent directors and help set the agenda for board meetings. Ms. Peacock has served as lead independent director since May 2025.

Our lead independent director presides over periodic meetings of our independent directors, consults with Mr. Houston on the agenda for meetings of the board, serves as a liaison between Mr. Houston and our independent directors, and performs such additional duties as our board of directors may otherwise determine and delegate. The lead independent director's responsibilities include:

- presiding over all meetings of the board of directors at which the chair is not present;
- calling separate meetings of the independent directors and determining the agenda and serving as chair of meetings of independent directors;
- reporting to our Chief Executive Officer and chair regarding feedback from executive sessions; and
- serving as spokesperson for the company if requested.

Only independent directors serve on the audit committee, the talent and compensation committee, and the nominating and corporate governance committee of our board of directors. Our independent directors meet at least quarterly in executive sessions chaired by the lead independent director, which include discussions and recommendations regarding guidance to be provided to the Chief Executive Officer, and such topics as the independent directors may determine.

As a result of the board of directors' committee system and the existence of a majority of independent directors, combined with a strong lead independent director with significant responsibilities and the company's robust corporate governance policies and procedures, the board of directors believes it maintains effective oversight of our business operations, including independent oversight of our financial statements and risk management, executive compensation, selection of director candidates, and corporate governance programs. We believe that the leadership structure of our board of directors, including the role of a strong lead independent director, as well as the robust independent committees of our board of directors is appropriate and enhances our board of directors' ability to effectively carry out its roles and responsibilities on behalf of the company. Mr. Houston's combined role leverages his deep involvement with the company's business, and his history as a co-founder of the company with knowledge of the company's development and culture enables strong leadership, creates clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders.

Each member of the talent and compensation committee meets the requirements for independence for talent and compensation committee members under the listing standards of Nasdaq. Each member of our talent and compensation committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended ("**Exchange Act**"), or Rule 16b-3. Our talent and compensation committee is responsible for, among other things:

During 2025, our talent and compensation committee held four meetings.

### Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Ms. Campbell and Mr. Jenson, with Ms. Campbell serving as chair. Each member of the nominating and corporate governance committee meets the requirements for independence under the listing standards of Nasdaq. Our nominating and corporate governance committee is responsible for, among other things:

- identifying, evaluating, and making recommendations to our board of directors regarding nominees for election to our board of directors and its committees;
- overseeing the evaluation of the performance of our board of directors and of individual directors;
- considering and making recommendations to our board of directors regarding the composition of our board of directors and its committees;

Our nominating and corporate governance committee operates under a written charter that satisfies the applicable Nasdaq listing standards. A copy of the charter for our nominating and corporate governance committee is available on our website at [investors.dropbox.com](https://investors.dropbox.com). During 2025, our nominating and corporate governance committee held three meetings.

## Attendance at Board and Stockholder Meetings

During our fiscal year ended December 31, 2025, our board of directors held five meetings (including regularly scheduled and special meetings), and each director, with the exception of Ms. Peacock who met with management and directors between meetings, attended at least 75% of the aggregate of (i) the total number of meetings of our board of directors held during the period for which he or she has been a director and (ii) the total number of meetings held by all committees of our board of directors on which he or she served during the periods that he or she served.

## BOARD OF DIRECTORS AND CORPORATE GOVERNANCE (continued)

Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we strongly encourage, but do not require, our directors to attend. All of our directors who then served on the board attended our 2025 annual meeting of our stockholders.

### Compensation Committee Interlocks and Insider Participation

None of the members of our talent and compensation committee is or has been an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or talent and compensation committee (or other board committee performing equivalent functions) of any entity that has one or more of its executive officers serving on our board of directors or talent and compensation committee.

### Considerations in Evaluating Director Nominees

Our nominating and corporate governance committee uses a variety of methods, including engaging the services of outside consultants and search firms, to identify and evaluate director nominees. In its evaluation of director candidates, our nominating and corporate governance committee considers the current size and composition, organization, and governance of our board of directors and the needs of our board of directors and the respective committees of our board of directors. Some of the qualifications that our nominating and corporate governance committee considers include, without limitation, issues of character, integrity, judgment, business experience, differences in professional background, education, skill and other individual qualities and attributes that contribute to the total mix of viewpoints and experience represented on the board of directors, potential conflicts of interest and other commitments. Nominees must also have the highest personal and professional ethics and the ability to offer advice and guidance to our Chief Executive Officer and other members of management based on proven achievement and leadership in the companies or institutions with which they are affiliated. Director candidates must understand the fiduciary responsibilities that are required of a member of our board of directors and have sufficient time available, in the judgment of our nominating and corporate governance committee, to perform all board of director and applicable committee responsibilities. Members of our board of directors are expected to prepare for, attend, and participate in all board of directors and applicable committee meetings. Our nominating and corporate governance committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests.

The nominating and corporate governance committee considers the suitability of each director candidate, including current directors, in light of the current size and composition of our board. We do not maintain a specific policy with regards to board diversity and our board of directors believes that our board should exhibit a wide range of views and perspectives. After completing its review and evaluation of director candidates, including incumbent directors, our nominating and corporate governance committee recommends to our full board of directors the director nominees for selection.

### Board Evaluations

The effectiveness of our board of directors and its committees is critical to our success. To maintain and improve that effectiveness, our nominating and corporate governance committee, in partnership with our lead independent director, oversees the design and implementation of an annual assessment of our board and its committees.

Our board of directors engaged a third-party board governance consultant (the "**Consultant**") to help enhance this assessment process. Our board of directors believes that the third-party Consultant strengthens the board's effectiveness as the Consultant brings broad market insight and an objective, candid perspective on a wide range of governance matters, including board dynamics, structure and composition, meeting agendas, decision-making and overall effectiveness. The Consultant prepared a written survey in close partnership with our nominating and governance committee, in-house legal team, and lead independent director. This survey contained a mix of statements and open-ended questions. The Consultant then consolidated this feedback and led a discussion with the board regarding results and opportunities to increase effectiveness.

Our board of directors and its committees implement improvements and take further actions, as appropriate, based on opportunities identified during its evaluation.

## BOARD OF DIRECTORS AND CORPORATE GOVERNANCE (continued)

### Stockholder Recommendations and Nominations to the Board of Directors

Our nominating and corporate governance committee will consider director candidates recommended by stockholders holding at least one percent (1%) of the fully diluted capitalization of the company continuously for at least 12 months prior to the date of the submission of the recommendation, so long as such recommendations comply with our articles of incorporation, bylaws, and applicable laws, rules and regulations, including those promulgated by the SEC. Our nominating and corporate governance committee will evaluate such recommendations in accordance with its charter, our bylaws and our policies and procedures for director candidates, as well as the regular director nominee criteria described above. This process is designed to ensure that our board of directors includes members with diverse backgrounds, skills, and experience, including appropriate financial and other expertise relevant to our business. Eligible stockholders wishing to recommend a candidate for nomination should contact our Corporate Secretary or legal department in writing. Such recommendations must include information about the candidate, a statement of support by the recommending stockholder, evidence of the recommending stockholder's ownership of our capital stock, a signed letter from the candidate confirming willingness to serve on our board of directors and any additional information required by our bylaws. Our nominating and corporate governance committee has discretion to decide which individuals to recommend for nomination as directors.

Any nomination must comply with the requirements set forth in our bylaws and should be sent in writing to our Corporate Secretary at Dropbox, Inc., 1800 Owens Street San Francisco, California 94158. To be timely for the 2027 annual meeting of stockholders, nominations must be received by our Corporate Secretary observing the same deadlines for stockholder proposals discussed above under "*General Information—What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?—Stockholder Proposals.*"

### Communications with the Board of Directors

Interested parties wishing to communicate with non-management members of our board of directors may do so by writing and mailing the correspondence to our Corporate Secretary at Dropbox, Inc., 1800 Owens Street, San Francisco, California 94158. Each communication should set forth (i) the name and address of the stockholder, as it appears on our books, and if the shares of our common stock are held by a broker, bank or nominee, the name and address of the beneficial owner of such shares, and (ii) the class and number of shares of our common stock that are owned of record by the record holder and beneficially by the beneficial owner.

Our Corporate Secretary or legal department, in consultation with appropriate members of our board of directors as necessary, will review all incoming communications and, if appropriate, such communications will be forwarded to the appropriate member or members of our board of directors, or if none are specified, to the chair of our board of directors.

This procedure does not apply to (i) communications to non-management directors from our officers or directors who are stockholders or (ii) stockholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act, which are discussed further in the section titled "*What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?—Stockholder Proposals*" described above in this proxy statement.

### Corporate Governance Guidelines and Code of Business Conduct and Ethics

Our board of directors has adopted Corporate Governance Guidelines that address items such as the qualifications and responsibilities of our directors and director candidates, including independence standards, and corporate governance policies and standards applicable to us in general. In addition, our board of directors has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers, independent contractors and directors, including our Chief Executive Officer, Chief Financial Officer and other executive and senior financial officers. The full text of our Corporate Governance Guidelines and our Code of Business Conduct and Ethics is posted on our website at [investors.dropbox.com](https://investors.dropbox.com). We will post amendments to our Code of Business Conduct and Ethics or any waivers of our Code of Business Conduct and Ethics for directors and executive officers on the same website or in filings under the Exchange Act.

### Stock Ownership Guidelines

The talent and compensation committee of our board of directors has adopted stock ownership guidelines for our independent directors and executive officers. Under these guidelines, all independent directors are required to acquire and

own stock or stock equivalents in an amount equal to five times their annual cash retainers for service on the board, excluding any cash retainers for committee or chair service or service as lead independent director. For these purposes, owned stock includes any shares of stock owned directly or indirectly by the covered individual, but does not include unexercised, unvested or unearned equity awards (including unexercised stock options). Independent directors are required to meet the ownership requirements within five years of the later of (i) December 1, 2023, or such later date as specified in the stock ownership guidelines or (ii) such independent director's appointment or election date, as applicable. All of our independent directors are in compliance with the applicable ownership requirements or are not yet required to meet the applicable ownership requirements pursuant to the stock ownership guidelines. ## Role of Board in Risk Oversight Process

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational, in the pursuit and achievement of our strategic objectives. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day oversight and management of these risks, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of our risk management framework, which is designed to identify, assess, and manage risks to which our company is exposed, as well as to foster a corporate culture of integrity. Consistent with this approach, our board and its committees regularly review our strategic and operational risks in the context of discussions with management, question and answer sessions, and reports from the management team, outside advisors, and consultants.

In addition, our board has designated standing committees with oversight of certain categories of risk and receives regular reports on significant risk-related committee activities at full board meetings. Delegated committee oversight of specific risks is below.

### Audit Committee

Our audit committee assists our board in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, as well as legal and regulatory compliance. The audit committee further oversees our initiatives related to our operational infrastructure, particularly reliability, business continuity, cybersecurity, and data privacy. Our audit committee also, among other things, discusses with management and the independent auditor guidelines with respect to risk assessment and risk management.

### Talent and Compensation Committee

Our talent and compensation committee assesses risks relating to our executive compensation plans and arrangements, and whether our compensation policies and programs have the potential to encourage excessive risk-taking. Our talent and compensation committee also oversees our human capital management activities and related risks.

### Nominating and Corporate Governance Committee

Our nominating and corporate governance committee assesses risks relating to our corporate governance practices and the independence of the board. Our nominating and corporate governance committee also generally oversees our compliance with corporate sustainability reporting and related risks.

Our board of directors believes its current leadership structure supports the risk oversight function of the board.

## Cybersecurity and Data Privacy Governance

### Our Guiding Value

Being Worthy of Trust is our guiding value and serves as the foundation of our relationship with the millions of people and businesses around the world who rely on Dropbox to protect their most valuable content. Protecting our users' information through robust data privacy and cybersecurity programs is one of our top priorities. Effective governance of these programs is a priority for our board.

### Board and Management Oversight

Our board of directors is actively involved in overseeing cybersecurity risk management. At least once a year, the board of directors discusses our programs and policies related to cybersecurity and risk initiatives and considers them closely both from a risk management perspective and as part of Dropbox's business strategy. Additionally, our audit committee oversees programs and policies related to cybersecurity risks and initiatives. Our audit committee is comprised entirely of independent directors who evaluate these issues at least quarterly.

We have also established a cross-functional leadership team to oversee our information security and privacy programs and practices, as well as to assess, identify and mitigate security and privacy risks. Members of this team also report periodically to the board of directors, audit committee, and members of our senior leadership team. This team includes senior leaders from our legal, privacy, information security, information technology, infrastructure, and compliance teams, including our Chief Legal Officer, who also serves as our Chief Privacy Officer, our Chief Technology Officer and our Head of Security.

Members of senior leadership are informed about and monitor the prevention, mitigation, detection, and remediation of cybersecurity incidents through their management of, and participation in, our cybersecurity risk management and strategy processes, including the operation of our incident response plan. Additionally, all employees are required to complete annual information security and privacy training, which are reviewed and updated annually. They also receive ongoing security awareness education via informational emails, talks and presentations, and resources available on our intranet.

We also have a Data Protection Officer who provides independent oversight of our privacy program and guidance on privacy issues. Our Data Protection Officer acts as the single point of contact for privacy-related requests for users subject to the General Data Protection Regulation, as well as for regulatory authorities. ### *Employee Wellness and Development*

- We operate under a Virtual First work model where remote work is the primary experience for all of our employees; as part of our Virtual First workforce strategy, we strive to support our employees by:
  - Providing a quarterly allowance that gives employees the flexibility to focus this benefit towards what really matters to them; this may include health and wellness, family and caregiver support, productivity and ergonomics, learning and development programs or financial wellness.
  - Empowering our employees to adopt flexible working arrangements and providing tools for efficient remote collaboration.

## BOARD OF DIRECTORS AND CORPORATE GOVERNANCE (continued)

- Continuing to provide opportunities for in-person collaboration at our “Dropbox Studios” locations and “On-Demand Spaces” and through team offsites and events.
- We are committed to supporting the well-being of our employees by providing paid parental leave for all eligible employees, as well as mental and physical wellness benefits.

GSOC provides around-the-clock support for employees whether they’re in a studio, on a business trip, or at home.
- Under our Virtual First work model, we remain committed to supporting employee wellness and development:
  - We provide subsidized dependent care and access to dependent care resources, as well as supporting flexible working arrangements for our employees with caregiving obligations.

- At Dropbox, we’re committed to leveraging our people, products, and resources for good, which we believe positively contributes to our work culture and helps us recruit and retain talented employees.
- We empower our employees to give back to their communities by providing paid volunteer time off, matching a portion of employee donations to nonprofits and making Dropbox product donations to nonprofit organizations that are nominated by our employees.

### *Business Conduct and Ethics; Human and Labor Rights*

- We have a Worldwide Code of Business Conduct and Ethics (the “**Code of Conduct**”) that is applicable to all our employees, officers, directors and independent contractors, as well as written policies addressing insider trading, anti-corruption, financial controls and maintaining confidentiality.
- The Code of Conduct and our internal policies are reviewed on an annual basis and updated as necessary.
- All employees are required to complete a training course on the Code of Conduct and related policies on an annual basis; additional trainings on select topics are provided to certain employees based on their roles.
- Trust is one of our core values and we seek to maintain that trust through empowering employees to report any potential violations of our Code of Conduct, our policies or applicable laws through our confidential whistleblower hotline; we do not tolerate any retaliation against employees who report potential violations in good faith or participate in investigations into such violations.
- We prohibit all forms of slavery, human trafficking, and discrimination in our operations, and we strive to ensure that our policies and procedures are reflective of our commitment to human and labor rights.
- Our Supplier Code of Conduct establishes our expectations of a supplier’s commitment to safeguarding human rights in their own operations.

- We have adopted an insider trading policy governing the purchase, sale and other dispositions of our securities that applies to all personnel of Dropbox and our subsidiaries, including directors, officers, and employees, and to certain

other covered persons. We believe that our insider trading policy is reasonably designed to promote compliance with insider trading laws, rules, and regulations, as well as applicable listing standards. A copy of our insider trading policy is filed as Exhibit 19.1 to our Annual Report on Form 10-K filed on February 20, 2026.

- From time to time, we engage in transactions in our own securities, including purchases and sales. We comply with all applicable securities and state laws (including appropriate approvals by our board of directors or appropriate committee, if required) when engaging in transactions in our securities.

### Director Compensation

We have adopted a compensation policy for our non-employee directors. Under the director compensation policy, each non-employee director receives the cash and equity compensation for board services described below. We also reimburse our non-employee directors for reasonable, customary, and documented travel expenses to board meetings. The director compensation policy has been developed in consultation with Compensia, Inc. ("**Compensia**") an independent national compensation consulting firm. In developing this policy, Compensia provided recommendations and competitive non-employee director compensation data and analyses. We considered and discussed these recommendations and data and considered the specific duties and committee responsibilities of particular directors. We believe the director compensation policy provides our non-employee directors with reasonable and appropriate compensation that is commensurate with the services they provide and competitive with compensation paid by the companies in our compensation peer group (as described in the section titled "*Executive Compensation—Compensation Discussion and Analysis*" below) to their non-employee directors. Compensia has also advised on subsequent amendments to the director compensation policy. Our director compensation policy follows the principles listed below.

Principle	Description
<b>Pay Mix</b>	Our director compensation policy consists of a balance of cash and equity, with an emphasis on equity over cash, in order to better align the interests of our non-employee directors with those of our stockholders.
<b>Total Compensation Limit</b>	Our director compensation policy includes a maximum annual limit of \$1,200,000 of cash compensation and equity awards that may be paid, issued, or granted to a non-employee director in any fiscal year. The maximum limit does not reflect the intended size of any potential compensation or equity awards to our non-employee directors. Any cash compensation paid or equity awards granted to a person for his or her services as an employee, or for his or her services as a consultant (other than as a non-employee director), will not count for purposes of the limitation. For purposes of this limitation, the value of equity awards is based on the grant date fair value (determined in accordance with U.S. Generally Accepted Accounting Principles (" <b>GAAP</b> ")).
<b>Regular Review</b>	With advice from Compensia, our talent and compensation committee regularly reviews a competitive market analysis of the amount and form of director compensation to ensure consistency with prudent governance practices and comparability with our compensation peer group.
<b>Board Leadership Compensation</b>	Our director compensation policy provides additional compensation for leadership positions on the board of directors, including lead independent director and committee chair roles, to account for the added time and effort associated with these positions.

<b>Deferral of Awards</b>	<p>Each non-employee director may elect to defer the delivery of the settlement of any Initial Award or Annual Award that would otherwise be delivered to such non-employee director on or following the date such award vests pursuant to the terms of a deferral election such non-employee director makes in accordance with the director compensation policy.</p>
<b>Change in Control</b>	<p>In the event of a “change in control” (as defined in our 2018 Equity Incentive Plan), each non-employee director will fully vest in his or her outstanding company equity awards, including any Initial Award or Annual Award, provided that the non-employee director continues to be a non-employee director through such date.</p>

### 2025 Director Compensation

The following table provides information regarding compensation of our non-employee directors for their service as directors, for the fiscal year ended December 31, 2025. Directors who are also our employees receive no additional compensation for their service as directors. During 2025, Mr. Houston was an employee and executive officer of the company and, therefore, did not receive compensation as a director. See the section titled “*Executive Compensation*” for additional information regarding Mr. Houston’s compensation.

Instead, the amount shown is the grant date fair value of the RSU awards granted in fiscal 2025 computed in accordance with ASC Topic 718 — Compensation — Stock Compensation (“**ASC Topic 718**”), disregarding forfeiture assumptions. The grant date fair value of the RSU awards is based on the closing price for a share of our Class A common stock as reported by Nasdaq on the day immediately preceding the grant date. Unless otherwise described in the footnotes below, the grant date fair value of the RSU awards was \$29.61 per share, which represents the closing price for a share of our Class A common stock as reported by Nasdaq on May 14, 2025.

<sup>(2)</sup> 100% of the shares of our Class A common stock underlying the RSUs vest on May 15, 2026 or the day before the next annual meeting of our stockholders, if earlier, subject to the director’s continued service with us. See the section titled “*Board of Directors and Corporate Governance—Director Compensation*” above.

<sup>(3)</sup> Mr. Blair and Ms. Mathew did not stand for reelection at the 2025 Annual Meeting and therefore only received compensation for the first quarter of the fiscal year ended December 31, 2025.

These vested RSUs will be settled upon the earlier of (a) immediately prior to a Change in Control or (b) within 60 days of Mr. Seibel's separation from the board or death.

<sup>(3)</sup> Mr. Blair and Ms. Mathew did not stand for reelection at the 2025 Annual Meeting, are no longer board members, and did not hold any outstanding equity awards as of December 31, 2025.

## PROPOSAL NO. 1—ELECTION OF DIRECTORS

Our board of directors consists of eight directors. Until the outstanding shares of our Class B common stock represent less than a majority of the combined voting power of our common stock, we will have a single class of directors with each director elected for a one-year term and until their successor is duly elected and qualified, or until their earlier resignation or removal.

As noted above, Paul E. Jacobs is not standing for reelection at the annual meeting and therefore, following the meeting, the number of authorized directors will be decreased to seven. The board of directors is grateful for Dr. Jacobs' service.

### Nominees

Our nominating and corporate governance committee has recommended, and our board of directors has approved, Andrew W. Houston, Lisa Campbell, Warren Jenson, Andrew Moore, Abhay Parasnis, Karen Peacock and Michael Seibel as nominees for election as directors at the Annual Meeting. Each of the nominees is an incumbent director. If elected, each of the nominees will serve as directors until the 2027 annual meeting of stockholders and until their successors are duly elected and qualified. For information concerning the nominees, please see *"Board of Directors and Corporate Governance."* We expect that each of Dr. Moore, Messrs. Houston, Jenson, Parasnis and Seibel, and Mss. Campbell and Peacock will accept such nomination; however, in the event that a director nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee designated by our board of directors to fill such vacancy.

If you are a stockholder of record and you sign your proxy card or vote by telephone or over the Internet but do not give instructions with respect to the voting of directors, your shares will be voted "FOR" the election of Dr. Moore, Messrs. Houston, Jenson, Parasnis and Seibel, and Mss. Campbell and Peacock. If you are a street name stockholder and you do not give voting instructions to your broker or nominee, your broker will leave your shares unvoted on this matter.

### Vote Required

Each director is elected by a plurality of the votes of the shares present virtually or represented by proxy at the meeting and entitled to vote on the election of directors at the Annual Meeting. "Plurality" means that the seven nominees who receive the largest number of votes cast "For" such nominees are elected as directors. As a result, any shares not voted "For" a particular nominee (whether as a result of a "Withhold" vote or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES NAMED ABOVE.**

## PROPOSAL NO. 2—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed Ernst & Young LLP, an independent registered public accounting firm, to audit our consolidated financial statements for our fiscal year ending December 31, 2026. Ernst & Young LLP has served as our independent registered public accounting firm since 2013.

At the Annual Meeting, our stockholders are being asked to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2026. Our audit committee is submitting the appointment of Ernst & Young LLP to our stockholders because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. Notwithstanding the appointment of Ernst & Young LLP, and even if our stockholders ratify the appointment, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during our fiscal year if our audit committee believes that such a change would be in the best interests of our company and our stockholders. If our stockholders do not ratify the appointment of Ernst & Young LLP, our board of directors may reconsider the appointment. Representatives of Ernst & Young LLP will be present at the Annual Meeting, and they will have an opportunity to make a statement and will be available to respond to appropriate questions from our stockholders.

### Fees Paid to the Independent Registered Public Accounting Firm

The following table presents fees for professional audit services and other services rendered to our company by Ernst & Young LLP for our fiscal years ended December 31, 2025 and 2024.

This includes fees for professional services with respect to the Statement on Standards for Attestation Engagements (SSAE) No. 18 and other service organization control related examinations, certifications, and assessments.

<sup>(3)</sup> Tax Fees consist of fees for professional services for domestic and international tax advisory services.

<sup>(4)</sup> Consists of aggregate fees billed for products and services provided by the independent registered public accounting firm other than those disclosed above, which relate to subscription fees paid for access to online accounting research software applications.

### Auditor Independence

In our fiscal year ended December 31, 2025, there were no other professional services provided by Ernst & Young LLP, other than those listed above, that would have required our audit committee to consider their compatibility with maintaining the independence of Ernst & Young LLP.

### Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee has established a policy governing our use of the services of our independent registered public accounting firm. Under this policy, our audit committee is required to pre-approve all services performed by our independent registered public accounting firm in order to ensure that the provision of such services does not impair the public accountants' independence. All services provided by Ernst & Young LLP for our fiscal years ended December 31, 2024 and 2025 were pre-approved by our audit committee.

## PROPOSAL NO. 2—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (continued)

### Vote Required

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2026 requires the affirmative vote of a majority of the voting power of the shares of our common stock present virtually or by proxy at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a vote against this proposal, and broker non-votes will have no effect.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**

## REPORT OF THE AUDIT COMMITTEE

The audit committee is a committee of the board of directors comprised solely of independent directors as required by Nasdaq listing standards and SEC rules and regulations. The composition of the audit committee, the attributes of its members and the responsibilities of the audit committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. With respect to Dropbox's financial reporting process, Dropbox's management is responsible for (1) establishing and maintaining internal controls and (2) preparing Dropbox's consolidated financial statements. Dropbox's independent registered public accounting firm, Ernst & Young LLP ("**Ernst & Young**"), is responsible for performing an independent audit of Dropbox's consolidated financial statements and the effectiveness of the company's internal control over financial reporting. It is the responsibility of the audit committee to oversee these activities. It is not the responsibility of the audit committee to prepare Dropbox's financial statements. These are the fundamental responsibilities of management. In the performance of its oversight function, the audit committee has:

- reviewed and discussed the audited consolidated financial statements with management, internal audit and Ernst & Young;
- discussed with Ernst & Young the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("**PCAOB**") and the SEC; and
- received the written disclosures and the letter from Ernst & Young required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Ernst & Young its independence.

Based on the audit committee's review and discussions with management and Ernst & Young, the audit committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2025 for filing with the SEC.

Respectfully submitted by the members of the audit committee of the board of directors:

**Warren Jenson (Chair)**  
**Lisa Campbell**  
**Andrew Moore**

This report of the audit committee is required by the SEC and, in accordance with the SEC's rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended ("**Securities Act**"), or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed "soliciting material" or "filed" under either the Securities Act or the Exchange Act.

## PROPOSAL NO. 3—ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act and SEC rules, we are providing our stockholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed pursuant to Section 14A of the Exchange Act. This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The Say-on-Pay vote is advisory, and therefore is not binding on us, our talent and compensation committee, or our board of directors. The Say-on-Pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which our talent and compensation committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and our talent and compensation committee value the opinions of our stockholders. To the extent there is any significant vote against the compensation of our named executive officers as disclosed in this proxy statement, we will endeavor to communicate with stockholders to better understand the concerns that influenced the vote and consider our stockholders’ concerns, and our talent and compensation committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided in the section titled “*Executive Compensation*,” and in particular the information discussed in the section titled “*Executive Compensation—Compensation Discussion and Analysis— Executive Compensation Philosophy and Objectives*,” demonstrates that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed in the proxy statement for the Annual Meeting pursuant to the compensation disclosure rules of the SEC, including the compensation discussion and analysis, compensation tables and narrative discussion and other related disclosure.”

### Vote Required

The approval, on an advisory basis, of the compensation of our named executive officers, requires the affirmative vote of a majority of the voting power of the shares of our common stock present virtually or by proxy at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a vote against this proposal, and broker non-votes will have no effect.

As an advisory vote, the result of this proposal is non-binding. Although the vote is non-binding, our board of directors and our talent and compensation committee value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.**

# PROPOSAL NO. 4—PROPOSAL TO APPROVE AN AMENDMENT AND RESTATEMENT OF OUR ARTICLES (JURY TRIAL WAIVER)

## Overview and Background

In March 2025, we reincorporated to Nevada from Delaware and the company is now incorporated under the laws of the State of Nevada, and governed by Chapters 78 and 92A of the Nevada Revised Statutes (“**NRS**”).

As described below, in May 2025, the Nevada Legislature enacted Assembly Bill No. 239 (“**AB 239**”) which permits a Nevada corporation to include a provision in its articles of incorporation specifying that certain “internal actions” filed in Nevada state court must be tried by the presiding judge as the trier of fact. In consultation with counsel, our board of directors has evaluated this and certain other changes to our Articles and has approved, and recommended that our stockholders approve, the amendment and restatement of our Articles to include a limited jury trial waiver and make certain contextual and other ministerial amendments.

## Description of Proposed Amendments

### *Limited Jury Trial Waiver*

AB 239 amended NRS 78.046 to permit a Nevada corporation to include a provision in its articles of incorporation specifying that, to the extent not inconsistent with U.S. federal law, all or certain “internal actions” (as defined in NRS 78.046) filed in Nevada state court must be tried before the presiding judge as the trier of fact, rather than before a jury. Under NRS 78.046, “internal actions” include any action, suit or proceeding:

- Brought in the name or right of the corporation;
- For or based upon any breach of fiduciary duty owed by any director, officer or controlling stockholder; or
- Arising pursuant to, or to interpret, apply, enforce or determine the validity of, any provision of NRS Title 7 (which includes Nevada’s corporation statutes), the articles of incorporation, the bylaws or any agreement entered into pursuant to NRS 78.365 to which the corporation is a party or a stated beneficiary thereof.

A limited jury trial waiver must appear in the corporation’s articles of incorporation, which requires both board and stockholder approval.

Our board of directors believes that a limited jury trial waiver in our articles of incorporation would enhance the predictability and efficiency of resolving disputes relating to “internal actions” (as described above). A limited jury trial waiver for internal actions, such as fiduciary duty claims or derivative suits, could help these matters resolve more quickly and with greater consistency, potentially reducing litigation uncertainty, legal costs, and the potential for unpredictable outcomes that could negatively affect our operations or stockholder value. Including a limited jury trial waiver in the proposed amendments to our Articles also aligns our framework more closely with how we previously operated under Delaware law, where internal actions would have been tried before a judge in the Delaware Chancery Court, rather than before a jury.

In light of this update in Nevada law, our board is proposing to amend and restate our Articles to include the limited jury trial waiver, as permitted by NRS 78.046.

### *Certain Other Changes*

In connection with consideration of our proposal to amend and restate our Articles with respect to the limited jury trial waiver, the company considered additional textual and immaterial matters that require update in our Articles, and the company has included certain contextual and other ministerial revisions in the proposed amendments, including new defined terms and drafting refinements. If approved, the amendments to our Articles contemplated by this Proposal No. 4 would be filed with the Nevada Secretary of State in an amendment and restatement of our Articles.

Taking into account the benefits our board of directors believes would accrue to the company and its stockholders with a limited jury trial waiver, along with incorporating certain textual and immaterial revisions, our board of directors has unanimously determined that it is advisable and in the best interests of the company and our stockholders to approve these amendments to our Articles and has approved and adopted the proposed amendment and restatement of our Articles, subject to approval by our stockholders.

## PROPOSAL NO. 4—PROPOSAL TO APPROVE AN AMENDMENT AND RESTATEMENT OF OUR ARTICLES (JURY TRIAL WAIVER) (continued)

### Text of Proposed New Article

#### **ARTICLE XI LIMITED WAIVER OF JURY TRIAL**

To the fullest extent not inconsistent with any applicable U.S. federal laws, any and all “internal actions” (as defined in NRS 78.046) must be tried in a court of competent jurisdiction before the presiding judge as the trier of fact and not before a jury. This Article XI shall conclusively operate as a waiver of the right to trial by jury by each party to any such internal action.

\* \* \*

A copy of the proposed amended and restated Articles showing the proposed revisions, with deleted text shown in strikethrough and added text shown as underlined in blue, is included as [Appendix B](#) to this proxy statement. All stockholders are encouraged to read the proposed amended and restated Articles in its entirety for a more complete description of its terms.

Accordingly, we ask our stockholders to vote on the following resolution:

"RESOLVED, that the company's stockholders approve the company's proposed amendment and restatement of our Articles with respect to the limited jury trial waiver and related contextual and other ministerial amendments, as set forth in [Appendix B](#)."

### Vote Required

The approval of the amendment and restatement of our Articles to include the limited jury trial waiver (and other contextual and other ministerial revisions) requires the affirmative vote of the holders of at least two-thirds of the voting power of the outstanding shares of our common stock entitled to vote thereon, voting together as a single class. As a result, abstentions and broker non-votes will have the same effect as a vote “against” this proposal.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE PROPOSED AMENDED AND RESTATED ARTICLES WITH RESPECT TO THE LIMITED JURY TRIAL WAIVER AND RELATED CONTEXTUAL AND OTHER MINISTERIAL AMENDMENTS.**

## Executive Summary

### Who We Are

Dropbox is the one place to keep life organized and keep work moving.

We were founded in 2007 with a simple idea: Life would be a lot better if everyone could access their most important information anytime from any device. We've largely accomplished that mission by building tools to help people work from anywhere—and along the way we recognized that for most of our users, sharing and collaborating on the Dropbox platform was even more valuable than storing files.

Our market opportunity grew as we've expanded from keeping files in sync to keeping teams in sync. Today, we are focused on reimagining the way work gets done by reducing the inordinate amount of time and energy the world spends on "work about work"—tedious tasks like searching for content, switching between applications, and managing workflows. We believe the need for our platform will continue to grow as teams become more fluid and global, and content is increasingly fragmented across incompatible tools and devices. Dropbox breaks down silos by centralizing the flow of information between the products and services our users prefer, even if they're not our own. In a world where using technology at work can be fragmented and distracting, Dropbox makes it easy to focus on the work that matters.

## EXECUTIVE COMPENSATION (continued)

By solving these universal problems, we've become invaluable to our users. The popularity of our platform allows us to scale efficiently. We've built a thriving global business with 18.08 million paying users as of December 31, 2025.

### Executive Compensation Policies and Practices

Our talent and compensation committee evaluates our executive compensation program on a regular basis to ensure that it is consistent with our short-term and long-term goals given the dynamic nature of our business and the competitive market in which we compete for executive talent. The following summarizes our key executive compensation program and related policies and practices:

#### What we do

- ✓ **Maintain an Independent Talent and Compensation Committee.** The talent and compensation committee consists solely of independent directors who establish our executive compensation policies and practices.
- ✓ **Retain an Independent Compensation Advisor.** The talent and compensation committee has engaged its own compensation consultant to provide information, analysis, and other advice on executive compensation independent of management. This consultant performed no other consulting or other services for us in 2025.
- ✓ **Stock Ownership Guidelines.** We maintain robust stock ownership guidelines for our Chief Executive Officer, our executive officers, and the independent members of our board of directors.
- ✓ **Compensation Clawback Policy.** We maintain a Nasdaq-compliant clawback policy covering both cash and equity compensation.
- ✓ **Annual Executive Compensation Review.** The talent and compensation committee conducts an annual review of our compensation strategy and a review of our compensation-related risk profile to ensure that our compensation programs do not encourage excessive or inappropriate risk-taking.
- ✓ **Compensation At-Risk.** Our executive compensation program is designed so that a significant portion of our executive officers' compensation is "at-risk" based on corporate performance, as well as equity-based, to align the interests of our executive officers and stockholders.
- ✓ **Use a Pay-for-Performance Philosophy.** The majority of our executive officers' compensation is directly linked to corporate performance; we also structure their annual target total direct compensation opportunities with a significant long-term equity component, thereby making a substantial portion of each executive officer's annual target total direct compensation dependent upon our stock price and/or total stockholder return.
- ✓ **Succession Planning.** We review the risks associated with our key executive officer positions to ensure adequate succession plans are in place.

#### What we don't do

- X **No Guaranteed Bonuses.** We do not provide guaranteed bonuses to our executive officers.
- X **No Executive Retirement Plans.** We do not offer defined benefit pension plans or any non-qualified deferred compensation plans or arrangements to our executive officers, other than the plans and arrangements that are available to all employees.
- X **No Hedging or Pledging.** We prohibit our employees (including our executive officers) and the non-employee members of our board of directors from hedging or pledging our securities.
- X **No Tax Payments on Perquisites.** We do not provide any tax reimbursement payments (including "gross-ups") on any perquisites or other personal benefits.
- X **No Excise Tax Payments on Future Post-Employment Compensation Arrangements.** We do not provide any excise tax reimbursement payments (including "gross-ups") on payments or benefits contingent upon a change in control of the company.
- X **No Special Welfare or Health Benefits.** We do not provide our executive officers with any welfare or health benefit programs, other than participation in our broad-based employee programs. All highly compensated employees are eligible for special long-term disability insurance.

## EXECUTIVE COMPENSATION (continued)

### Executive Compensation Philosophy and Objectives

Our executive compensation program is guided by our overarching philosophy of paying for demonstrable performance. Consistent with this philosophy, we have designed our executive compensation program to achieve the following primary objectives:

- Provide market-competitive compensation and benefit levels that will attract, retain, motivate, and reward a highly-talented team of executive officers within the context of responsible cost management;
- Establish a direct link between our financial, operational, and strategic objectives and results, as well as our values, and the compensation of our executive officers; and
- Align the interests and objectives of our executive officers with those of our stockholders by linking their long-term equity incentive compensation opportunities to long-term stockholder value creation and their cash incentives to our annual performance.

#### Pay-for-Performance

We believe our executive compensation program is reasonable, competitive, and appropriately balances the goals of attracting, motivating, rewarding, and retaining our executive officers with the goal of aligning their interests with those of our stockholders. To achieve this alignment and to motivate and reward individual initiative and effort, a substantial portion of our executive officers' target annual total direct compensation opportunity is both variable in nature and "at-risk."

We emphasize variable compensation that appropriately rewards our executive officers through two separate compensation elements:

- Our annual cash bonus plan provides cash payments if our executive officers produce short-term financial, operational, and/or strategic results that meet or exceed the objectives set forth in our annual operating plan.
- Equity-based awards, which represent a majority of our executive officers' annual target total direct compensation opportunities, the value of which depends entirely on the value of our common stock, incentivize our executive officers to build sustainable long-term value for the benefit of our stockholders.

These variable pay elements are intended to result in a substantial portion of our executive officers' annual target total direct compensation opportunities being contingent (rather than fixed) in nature, with the amounts ultimately payable subject to variability above or below target levels commensurate with our actual performance.

We believe that this design provides balanced incentives for our executive officers to drive financial performance and long-term growth. Our talent and compensation committee regularly evaluates the relationship between the reported values of the equity awards granted to our executive officers and the amount of realizable and realized value from such awards in subsequent years.

### Compensation-Setting Process

#### Role of Talent and Compensation Committee and the Stock Committee

The talent and compensation committee discharges many of the responsibilities of our board of directors relating to the compensation of our executives and non-employee directors. The talent and compensation committee has overall responsibility for overseeing our compensation and benefits policies generally, and overseeing and evaluating the compensation plans, policies and practices applicable to our Chief Executive Officer and other executive officers.

The talent and compensation committee makes all final decisions regarding the compensation of our Chief Executive Officer and our other executive officers.

In carrying out its responsibilities, the talent and compensation committee evaluates our compensation policies and practices with a focus on the degree to which these policies and practices reflect our executive compensation philosophy, develops strategies and makes decisions that it believes further our philosophy or align with developments in executive compensation practices, and reviews the performance of our executive officers.

The talent and compensation committee's authority, duties, and responsibilities are further described in its charter, which is reviewed annually and revised and updated as warranted. The charter is available on our investor relations website at [investors.dropbox.com](http://investors.dropbox.com).

## EXECUTIVE COMPENSATION (continued)

We also formed a stock committee, which is currently composed of our Chief Financial Officer, our Chief People Officer, and a non-employee director appointed by our talent and compensation committee. The stock committee has authority to grant equity awards to (a) employees who are not executive officers and (b) consultants subject to certain limitations established from time to time by the talent and compensation committee.

### Role of Compensation Consultant

The talent and compensation committee engages an external compensation consultant to assist the committee in discharging its responsibilities by providing information, analysis, and other guidance relating to our executive compensation program and the decisions resulting from its annual executive compensation review. The compensation consultant reports directly to the talent and compensation committee and its chair and serves at the discretion of the talent and compensation committee, which reviews the engagement annually.

For 2025, the talent and compensation committee retained Compensia to serve as its compensation consultant to advise on executive and director compensation matters, including competitive market pay practices for our executive officers, and data selection of the compensation peer group used for purposes of Compensia's competitive market and other analyses.

During 2025, Compensia attended talent and compensation committee meetings and provided the following services:

- Consulted with the talent and compensation committee chair and other members between talent and compensation committee meetings;
- Conducted a review, identification and updating of our compensation peer group;
- Provided a competitive market analysis based on data drawn from the compensation peer group for our executive officer positions, including new hire compensation, and evaluated how the compensation of our executive officers compared both to our performance and to how the companies in our compensation peer group compensate their executives in comparable positions;
- Provided a competitive market analysis based on data drawn from the compensation peer group for non-employee directors, and evaluated how the compensation of our non-employee directors compared to how the companies in our compensation peer group compensate their non-employee directors;
- Reviewed and analyzed base salary levels, annual cash bonus opportunities, and long-term equity incentive compensation opportunities of our executive officers;
- Conducted a “burn rate” and “overhang” analysis;
- Conducted a review and analysis of short-term and long-term incentive compensation program designs;
- Conducted a review and analysis of the competitive market with respect to the compensation arrangements for the Chief Financial Officer position;
- Assessed executive compensation trends within our industry, and provided updates on corporate governance and regulatory issues and developments;
- Reviewed our executive compensation disclosure;
- Assessed compensation risk to determine whether our compensation policies and practices are reasonably likely to have a material adverse impact on the company; and
- Supported on other *ad hoc* matters throughout the year.

Compensia did not provide any services to us other than the consulting services to the talent and compensation committee. The talent and compensation committee regularly reviews the objectivity and independence of the advice provided by its compensation consultant on executive and director compensation matters. The talent and compensation committee has evaluated Compensia's engagement, and based on the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Rule 10C-1(b)(4) of the Exchange Act, Rule 5605(d)(3)(D) of the Nasdaq Marketplace Rules, and such other factors as were deemed relevant under the circumstances, has determined that its relationship with Compensia and the work of Compensia on behalf of the talent and compensation committee did not raise any conflict of interest, and that Compensia is independent as defined in Rule 5605(a)(2) of the Nasdaq Marketplace Rules.

## EXECUTIVE COMPENSATION (continued)

### Role of Management

In discharging its responsibilities, the talent and compensation committee also works with members of our management, including our Chief Executive Officer. Our management assists the talent and compensation committee by providing information on corporate and individual performance, competitive market data, and management's perspective and recommendations on compensation matters.

Typically, our Chief Executive Officer makes recommendations to the talent and compensation committee regarding compensation matters, including adjustments to annual cash compensation, long-term equity incentive compensation opportunities, and program structures, for our executive officers, except with respect to his own compensation. At the beginning of each year, our Chief Executive Officer reviews the performance of our other executive officers, including our other named executive officers, based on such individual's level of success in accomplishing the business objectives established for him or her for the prior year and their overall performance during that year, and then shares these evaluations with, and makes recommendations to, the talent and compensation committee for each element of compensation as described above.

The talent and compensation committee reviews and discusses these recommendations and proposals with our Chief Executive Officer and uses them as one factor in determining and approving the compensation for our executive officers.

Our Chief Executive Officer also attends meetings of our board of directors and the talent and compensation committee at which executive compensation matters are discussed, except with respect to discussions involving his own compensation. Decisions with respect to our Chief Executive Officer's compensation are made solely by our talent and compensation committee, which is comprised entirely of independent members of our board of directors.

### Competitive Positioning

For purposes of assessing our executive compensation against the competitive market, the talent and compensation committee reviews and considers the compensation levels and practices of a select group of peer companies. This compensation peer group consists of technology companies that are similar to us in terms of revenue, market capitalization, geographical location, and industry sector.

The companies in the compensation peer group for 2025 were approved in August 2024 on the basis of their similarity to us, as determined using the following criteria, each as of July 2024:

- **revenue** – approximately 0.4x to approximately 2.5x our last four fiscal quarter revenue of approximately \$2.5 billion (approximately \$1.0 billion to \$6.3 billion);
- **market capitalization** – approximately 0.2x to approximately 5.0x our market capitalization of approximately \$7.5 billion (approximately \$1.5 billion to \$37.5 billion);
- **industry sector** – software and SaaS, internet services and infrastructure, interactive media services, software, technology hardware and storage, transaction and payment processing services, and certain SaaS companies not classified as such; and
- **relevance** – software-as-a-service model or product similarity.

## EXECUTIVE COMPENSATION (continued)

In selecting the 2025 compensation peer group, the talent and compensation committee chose companies that resulted in us being near the median of the group as of July 2024, in terms of both revenue and market capitalization.

The compensation practices of the compensation peer group were the primary guide used by the talent and compensation committee in 2025 to compare the competitiveness of each compensation element and our annual target total direct compensation (base salary, target annual cash bonus opportunities, and target long-term equity incentive compensation opportunities) for our executive officers.

To analyze the compensation practices of our compensation peer group, Compensia gathered data from public filings of the peer group companies, as well as from the Radford Global Technology Survey. This market data was then used as a reference point for the talent and compensation committee to assess our current compensation levels in the course of its deliberations on compensation forms and amounts. The talent and compensation committee does not engage in formal benchmarking against other companies' compensation programs or practices to establish our compensation levels or make specific compensation recommendations with respect to our executive officers, including our named executive officers.

The talent and compensation committee reviews our compensation peer group each year and adjusts its composition if warranted, taking into account changes in both our business and the businesses of the companies in the peer group.

### Compensation Setting

The talent and compensation committee reviews the base salary levels, target annual cash bonus opportunities, and target long-term equity incentive compensation opportunities of our executive officers and all related performance criteria at the beginning of each year, or more frequently as warranted.

We do not establish a specific target for formulating the annual target total direct compensation opportunities of our executive officers, including our named executive officers.

## EXECUTIVE COMPENSATION (continued)

In making decisions about the compensation of our executive officers, the talent and compensation committee relies primarily on its general experience and subjective considerations of various factors, including the following:

- Our executive compensation program objectives;
- Our performance against the financial, operational, and strategic objectives established by the talent and compensation committee and our board of directors;
- Each individual executive officer’s knowledge, skills, experience, qualifications, and tenure relative to other similarly-situated executives at the companies in our compensation peer group and/or selected broad-based compensation surveys;
- The scope of each executive officer’s role and responsibilities compared to other similarly-situated executives at the companies in our compensation peer group and/or selected broad-based compensation surveys;
- The prior performance of each individual executive officer, based on a subjective assessment of their contributions to our overall performance, ability to lead their business unit or function, and work as part of a team, all of which reflect our core values;
- The potential of each individual executive officer to contribute to our long-term financial, operational, and strategic objectives;
- Our Chief Executive Officer’s compensation relative to that of our executive officers, and compensation parity among our executive officers;
- Our financial performance and profile relative to our compensation peers;
- The compensation practices of our compensation peer group and the positioning of each executive officer’s compensation in a ranking of peer company compensation levels based on an analysis of competitive market data; and
- The recommendations of our Chief Executive Officer with respect to the compensation of our other executive officers.

These factors provide the framework for compensation decision-making for each executive officer. No single factor is determinative in setting compensation levels, nor is the impact of any individual factor on the determination of pay levels quantifiable.

We do not weight these factors in any predetermined manner, nor do we apply any formulas in developing our compensation recommendations or decisions. The members of the talent and compensation committee consider all of this information in light of their individual experience, knowledge of management, knowledge of the competitive market, knowledge of each executive officer, and business judgment in making their decisions.

In addition, the talent and compensation committee considered feedback from our stockholders and the result of our most recent Say-on-Pay vote. Our fiscal 2025 Say-on-Pay vote reflected 98.8% support from our stockholders, based on the percentage of the stockholder votes present and entitled to vote on the proposal. The talent and compensation committee believes this indicates that our stockholders support the philosophy, strategy, objectives, and administration of our executive compensation programs.

The talent and compensation committee also considers the potential risks in our business when designing and administering our executive compensation program and believes our balanced approach to performance measurement and pay delivery serves to avoid misaligned incentives for individuals to undertake excessive or inappropriate risk.

### Compensation Elements

In 2025, the principal elements of our executive compensation program, and the purposes for each element, were as follows:

Element	Type of Element	Compensation Element	Objective
Base Salary	Fixed	Cash	Attract and retain highly talented executives by providing fixed compensation amounts that are competitive in the market and reward performance.
Annual Cash Bonus	Variable	Cash	Motivate our executives to achieve annual business objectives set forth in our annual operating plan and provide financial incentives when we meet or exceed these annual objectives.
Long-Term Equity Incentive Compensation	Variable	Equity	Align the interests of our executives and our stockholders by motivating them to create sustainable long-term stockholder value.

## EXECUTIVE COMPENSATION (continued)

### Mix of Pay

Our primary focus in compensating our executive officers is on the longer-term and performance-based elements of their annual target total direct compensation opportunities. Under our 2025 executive compensation program, approximately 96% of the annual target total direct compensation opportunities of our named executive officers (excluding our CEO), as of December 31, 2025, was variable in the form of annual cash bonus and long-term equity incentive compensation. Our CEO's mix of pay was weighted equally between base salary and annual bonus. Mr. Houston does not receive annual equity awards due to his significant holdings as a co-founder and the "Co-Founder Grant" (in the form of a restricted stock award) he received in December 2017 prior to our IPO. Details of Mr. Houston's Co-Founder Grant are further described in "Co-Founder Grant" below.

\*The pay mix calculations for "Other Named Executive Officers" include all other NEOs with the exception of Mr. Tennenbaum given his December 2025 start date.

## EXECUTIVE COMPENSATION (continued)

### Base Salary

We use base salary to provide our executive officers with a specified level of cash compensation during the year with the expectation that they will perform their responsibilities to the best of their ability and in our best interests.

Generally, we establish the initial base salaries of our executive officers through arm's-length negotiations at the time of hire, taking into account their position, qualifications, experience, and the base salaries of our other executive officers. Thereafter, the talent and compensation committee reviews the base salaries of our executive officers each year as part of its annual compensation review, with input from our Chief Executive Officer (except with respect to his own base salary) and makes adjustments as it determines to be reasonable and necessary to reflect the scope of an executive officer's performance, individual contributions and responsibilities, position in the case of a promotion, and competitive market conditions.

In March 2025, the talent and compensation committee reviewed the base salaries of our incumbent executive officers, including our incumbent named executive officers at that time, taking into consideration a competitive market analysis prepared by our compensation consultant and the recommendations of our Chief Executive Officer (except with respect to his own base salary), as well as the other factors described in "Compensation-Setting Process—Compensation Setting" above. The base salaries of Messrs. Houston, Regan and Alkarmi were maintained at their 2024 levels because the talent and compensation committee determined their current base salaries continued to reflect the competitive market for their positions. Mr. Yoon's base salary was increased in connection with his appointment as Chief Legal Officer to reflect his increased responsibilities in his new role.

Base salaries for Messrs. Dasdan and Tennenbaum were determined by the talent and compensation committee in connection with their hiring, prior to commencement of employment. Mr. Dasdan's initial base salary was set in December 2024 in advance of his March 2025 start date, and Mr. Tennenbaum's initial base salary was set in advance of his December 2025 start date. In each case, these initial base salary determinations were made taking into account a competitive market analysis prepared by the talent and compensation committee's compensation consultant and the recommendations of our Chief Executive Officer, as well as the other factors described in the section titled "Executive Compensation—Compensation-Setting Process—Compensation Setting" above.

The base salaries of our named executive officers for 2025 were:

Named Executive Officer	Base Salary as of End of 2024 (\$)	Base Salary as of End of 2025 (\$)	Percentage (Decrease) / Increase
Andrew W. Houston	800,000	800,000	0%
Ross Tennenbaum <sup>(1)</sup>	—	550,000	N/A
Timothy Regan <sup>(2)</sup>	560,000	560,000	0%
William Yoon <sup>(3)</sup>	420,000	475,000	13%
Ali Dasdan <sup>(4)</sup>	—	500,000	N/A
Ashraf Alkarmi	500,000	500,000	0%

<sup>(1)</sup> Mr. Tennenbaum was appointed as Chief Financial Officer in December 2025.

<sup>(2)</sup> Mr. Regan's role as Chief Financial Officer ended on December 16, 2025, and his employment with the company ended in March 2026.

<sup>(3)</sup> Mr. Yoon was appointed as Chief Legal Officer in March 2025, and his 2025 base salary increase was in connection with his appointment.

<sup>(4)</sup> Mr. Dasdan was appointed as Chief Technology Officer in March 2025.

The base salaries paid to our named executive officers during 2025 are set forth in the "Summary Compensation Table for Fiscal Year 2025" below.

As noted above, Mr. Regan's role as Chief Financial Officer ended on December 16, 2025, and his employment with the company ended in March 2026. Following his resignation as Chief Financial Officer, Mr. Regan continued to serve as a non-executive employee of the company to ensure a smooth transition. Mr. Regan received a one-time advisory fee cash payment of \$250,000 in December 2025 in connection with his continued service.

### Annual Cash Bonuses

In January 2025, the talent and compensation committee, with input from management, adopted our 2025 annual cash bonus plan (the "2025 Cash Bonus Plan"), which was designed to provide financial incentives for our executive officers if we met or exceeded the pre-established threshold levels for annual revenue and non-GAAP operating margin established under our 2025 annual operating plan. The 2025 Cash Bonus Plan is funded based on our actual achievement against the pre-established target levels for the applicable corporate performance measure.

### Target Annual Cash Bonus Opportunities

## EXECUTIVE COMPENSATION (continued)

Under the 2025 Cash Bonus Plan, annual cash bonus opportunities and payments were based upon an eligible percentage of each participant's base salary. In March 2025, the talent and compensation committee reviewed and approved the target annual cash bonus opportunities of our then-current executive officers, taking into consideration a competitive market analysis prepared by our compensation consultant and the recommendations of our Chief Executive Officer (except with respect to his own target annual cash bonus opportunity) as well as the other factors described in "Compensation-Setting Process—Compensation Setting" above. Based on this review, the talent and compensation committee decided to make no adjustment to the 2024 target annual cash bonus opportunity (as a percentage of base salary) of each of our then-current named executive officers.

Mr. Yoon's target annual cash bonus opportunity was increased from 50% to 75% of his base salary in connection with his appointment as Chief Legal Officer to reflect his increased responsibilities in his new role and taking into consideration a competitive market analysis prepared by the talent and compensation committee's compensation consultant and the recommendations of our Chief Executive Officer, as well as the other factors described in "Compensation-Setting Process—Compensation Setting" above.

Target annual cash bonus opportunities for Messrs. Dasdan, and Tennenbaum were determined by the talent and compensation committee in connection with their hiring, prior to commencement of employment. Mr. Dasdan's initial target annual cash bonus opportunity was set in December 2024 in advance of his March 2025 start date; and Mr. Tennenbaum's 2026 target annual cash bonus opportunity was set in advance of his December 2025 start date. In each case, target annual cash bonus opportunity determinations were made taking into account a competitive market analysis prepared by the talent and compensation committee's compensation consultant and the recommendations of our Chief Executive Officer, as well as the other factors described in "Compensation-Setting Process—Compensation Setting" above.

The 2025 target annual cash bonus opportunities for our named executive officers were:

Named Executive Officer	Target Annual Cash Bonus Opportunity (as a Percentage of Base Salary)	2025 Target Annual Cash Bonus Opportunity (\$) <sup>(1)</sup>
Andrew W. Houston	100%	800,000
Ross Tennenbaum <sup>(2)</sup>	—	—
Timothy Regan	85%	476,000
William Yoon <sup>(3)</sup>	75%	320,188
Ali Dasdan <sup>(4)</sup>	100%	416,438
Ashraf Alkarmi	100%	500,000

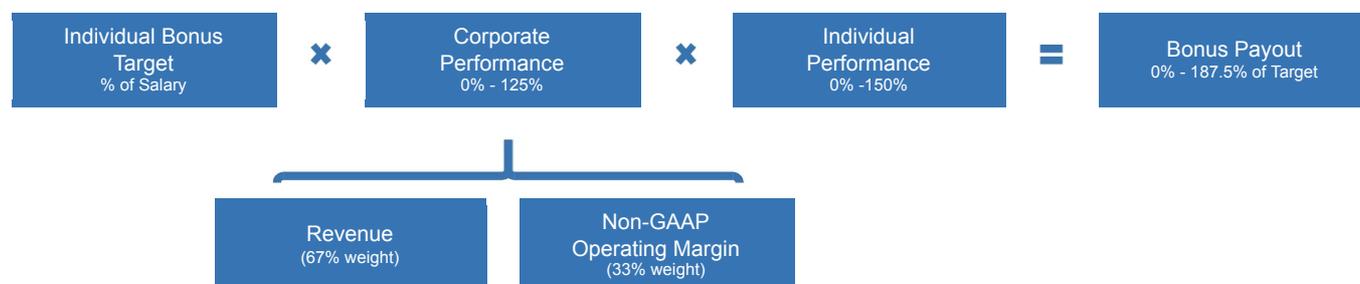

<sup>(1)</sup> Target annual cash bonus opportunities are shown as of December 31, 2025. Target annual cash bonus opportunities are prorated as applicable to reflect any salary and/or target bonus changes as well as employment start dates in 2025.

<sup>(2)</sup> Mr. Tennenbaum joined the company in December 2025 and therefore was not eligible to receive an annual cash bonus for 2025.

<sup>(3)</sup> Mr. Yoon's target annual cash bonus opportunity reflects the adjustments to his base salary and target annual cash bonus opportunity during 2025 in connection with his appointment to Chief Legal Officer.

<sup>(4)</sup> Mr. Dasdan's target annual cash bonus amount is prorated based on his start date.

Potential annual cash bonus payments for our executive officers under the 2025 Cash Bonus Plan ranged from zero to 187.5% of their target annual cash bonus opportunity.

### Corporate Performance Measure

The talent and compensation committee approved annual revenue (weighted 67%) and non-GAAP operating margin (weighted 33%) as components of the corporate performance measure under the 2025 Cash Bonus Plan because it believes incorporating both annual revenue and non-GAAP operating margin aligns with our emphasis on driving profitable

## EXECUTIVE COMPENSATION (continued)

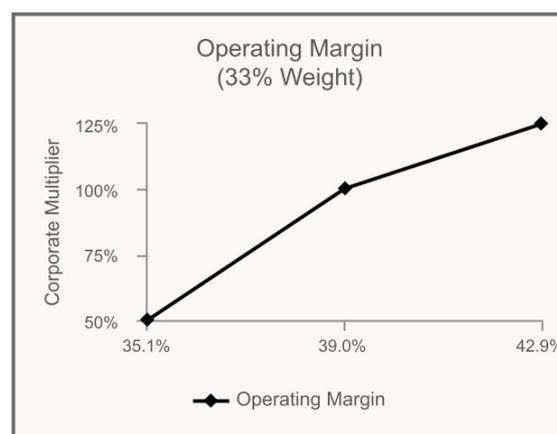

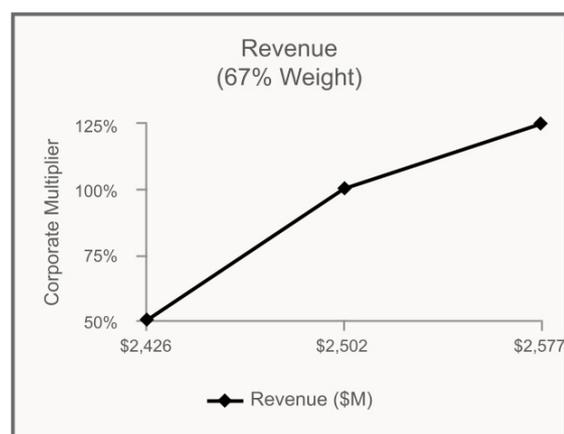

growth. For purposes of the 2025 Cash Bonus Plan, “annual revenue” was calculated by excluding the impact of foreign exchange from our annual revenue reflected in our audited financial statements for the 2025 fiscal year. For purposes of the 2025 Cash Bonus plan, “non-GAAP operating margin” was calculated by excluding the impact of stock-based compensation expense, acquisition-related and other expenses, amortization of acquired intangible assets, workforce reduction expenses, and net gains and losses on real estate assets. These adjustments were made to provide a clearer view of our core operating performance for the year.

In January 2025, the talent and compensation committee set the target performance levels under the 2025 Cash Bonus Plan at (i) \$2,502 million for annual revenue and (ii) 39.0% for non-GAAP operating margin. In addition, the talent and compensation committee approved the performance matrix for funding the 2025 Cash Bonus Plan (as described below).

With respect to the annual revenue performance measure, funding was 0% if revenue did not meet the threshold performance level of \$2,426 million. At 97% of the target revenue performance level, funding was 50%. For performance between 97% and 100% of target, the funding percentage increased linearly up to 100% at target performance. For performance between 100% and 103% of target, the funding percentage increased linearly from 100% to a maximum of 125% at 103% of target revenue. The maximum annual revenue bonus funding percentage was 125%.

For the non-GAAP operating margin performance measure, bonus funding was 0% if performance fell below the 35.1% threshold level. At 35.1%, bonus funding was 50%. Funding then increased linearly from 50% at 35.1% to 100% at the target performance level of 39.0%. Above target, funding increased linearly from 100% at 39.0% to a maximum of 125% at 42.9%. The maximum bonus funding percentage for this component was 125%.

	Weight	Threshold	Target	Maximum
Revenue (\$M)	67%	\$2,426	\$2,502	\$2,577
Non-GAAP Operating Margin	33%	35.1%	39.0%	42.9%

### Individual Performance Factor

In determining the amount of annual cash bonus payments under the 2025 Cash Bonus Plan, the talent and compensation committee considered an evaluation of each bonus eligible executive officer’s individual performance for the year. Generally, this evaluation involved, in the case of our Chief Executive Officer, an evaluation of his performance by the talent and compensation committee and, in the case of our other executive officers, an evaluation by our Chief Executive Officer. These evaluations were based on an overall subjective assessment of each bonus eligible executive officer’s performance based on company priorities for the year, and no single factor was determinative in setting bonus payout levels, nor was the impact of any individual factor on the bonus quantifiable. Dropbox operates in a highly competitive industry and we set a high bar for performance expectations for each one of our named executive officers. Our named executive officers are evaluated based on their overall performance, impact, and results.

### 2025 Annual Cash Bonus Decisions

In March 2026, the talent and compensation committee, based on its evaluation of our performance against our annual operating plan, determined the size of the bonus pool based on our performance during 2025 and determined the annual cash bonus payments for our bonus eligible executive officers, including our bonus eligible named executive officers, pursuant to the 2025 Cash Bonus Plan. The talent and compensation committee reviewed our actual annual revenue performance for 2025 and determined that, for purposes of the calculation used for the 2025 Cash Bonus Plan, we had

## EXECUTIVE COMPENSATION (continued)

achieved annual revenue of \$2,518 million, which was 101% of our annual revenue target for the year. In addition, the talent and compensation committee determined that we had achieved non-GAAP operating margin of 40.7% (for purposes of the calculation used for the 2025 Cash Bonus Plan) compared to our target of 39.0% for the year. Our revenue and non-GAAP operating margin performances resulted in a corporate performance measure of 107.3%. Accordingly, the talent and compensation committee approved a bonus funding percentage of 107.3% with respect to the corporate performance measure.

Our Chief Executive Officer evaluated the achievement of each other bonus eligible executive officer and formulated a recommendation for each such executive officer's annual cash bonus payment for consideration by the talent and compensation committee. These recommendations were based on our Chief Executive Officer's subjective assessment of each individual's contributions taking into account company priorities for the year. In the case of our Chief Executive Officer, the talent and compensation committee evaluated our financial and operational performance for 2025 and formulated an annual cash bonus payment for him based on the subjective assessment of his performance.

Based on these evaluations, the talent and compensation committee approved the annual cash bonus payments for our bonus eligible named executive officers for 2025 as set forth in the table below, including adjustments for the named executive officer's individual performance factor.

Named Executive Officer	Target Annual Cash Bonus Payment (\$)	Annual Cash Bonus Payment (\$)	Percentage of Target Annual Cash Bonus Actually Paid
Andrew W. Houston	800,000	750,400	94%
Ross Tennenbaum	—	—	—
Timothy Regan <sup>(1)</sup>	476,000	558,000	117%
William Yoon	320,188	375,000	117%
Ali Dasdan	416,438	391,000	94%
Ashraf Alkarmi	500,000	586,000	117%

<sup>(1)</sup> Due to his continued employment through March 2026, Mr. Regan remained eligible to receive an annual cash bonus payment based on his 2025 target annual cash bonus opportunity.

The annual cash bonus payments made to our named executive officers for 2025 are set forth in the "Summary Compensation Table for Fiscal Year 2025" below.

### Long-Term Equity Incentive Compensation

We view long-term equity incentive compensation as a critical element of our executive compensation program. The realized value of these equity awards bears a direct relationship to our stock price, and, therefore, these awards are an incentive for our executive officers to create value for our stockholders. Equity awards also help us retain qualified executive officers in a competitive market.

The amount and forms of the equity awards granted to our executive officers are determined by the talent and compensation committee after considering a competitive market analysis prepared by our compensation consultant, the recommendation of our Chief Executive Officer (other than for himself), and the factors described in the section titled "Executive Compensation—Compensation-Setting Process—Compensation Setting" above. The size of the equity awards is also intended to be competitive and result in target total direct compensation opportunities that the talent and compensation committee believes are reasonable and appropriate taking into consideration the factors described in the preceding sentence.

In March 2025, the talent and compensation committee approved equity grants in the form of restricted stock unit awards ("**RSUs**") covering our Class A common stock to Messrs. Regan and Yoon, each of which were effective April 1, 2025. Separately, the talent and compensation committee approved a new hire award for Mr. Alkarmi, which was granted effective January 1, 2025 and a new hire award for Mr. Dasdan, which was granted effective April 1, 2025.

## EXECUTIVE COMPENSATION (continued)

Differentiation was made among our named executive officers based on the talent and compensation committee’s review of a competitive market analysis for their respective positions, internal equity, past performance, and expected future contributions. Mr. Houston did not receive an equity grant in 2025 in light of his significant ownership position in the company and the Co-Founder Grant he received in 2017. The equity awards granted to our named executive officers in 2025 were as follows:

Named Executive Officer	RSUs <sup>(1)</sup>	Aggregate Grant Date Fair Value (\$)
Andrew W. Houston	—	—
Ross Tennenbaum <sup>(2)</sup>	—	—
Timothy Regan	209,777	5,603,144
William Yoon	190,706	5,093,757
Ali Dasdan	610,260	16,300,045
Ashraf Alkarmi	537,936	16,159,597

<sup>(1)</sup> The time-based RSU awards granted to Messrs. Regan Yoon, Dasdan, and Alkarmi were scheduled to vest over a four-year period in equal quarterly installments. The unvested portion of the RSU awards previously granted to Mr. Regan terminated upon his departure from the company.

<sup>(2)</sup> Mr. Tennenbaum joined the company in December 2025 and, in connection with his hiring, he was granted an equity award in January 2026.

The equity awards granted to our named executive officers during 2025 are set forth in the “*Summary Compensation Table for Fiscal Year 2025*” and under “*Grants of Plan-Based Awards in 2025*” below.

### CFO Sign On Bonus

As noted above, Mr. Tennenbaum was not eligible to receive a bonus under the 2025 Cash Bonus Plan. However, in connection with his hiring, the talent and compensation committee approved a one-time sign-on bonus in the aggregate amount of \$350,000 to Mr. Tennenbaum, which was paid in December 2025.

### Performance Achievement of Mr. Houston’s Co-Founder Grant

In December 2017, our board approved a grant to Mr. Houston (our co-founder, Chief Executive Officer and chair of the board of directors) of a restricted stock award (“**RSA**”) with respect to 10.3 million shares of Class A common stock in the aggregate (the “**Co-Founder Grant**”). The Co-Founder Grant has service-based, market-based, and performance-based vesting conditions. The Co-Founder Grant is eligible to vest over the ten-year period following the closing of our initial public offering. The Co-Founder Grant is comprised of nine tranches that are eligible to vest based on the achievement of stock price goals (each, a “**Stock Price Target**”), measured over a consecutive thirty-day trading period during the Performance Period (defined below), as follows:

Company Stock Price Target	Shares Eligible to Vest for Mr. Houston
\$30.00	2,066,667 <sup>(1)</sup>
\$37.50	1,033,334
\$45.00	1,033,334
\$52.50	1,033,333
\$60.00	1,033,333
\$67.50	1,033,333
\$75.00	1,033,333
\$82.50	1,033,333
\$90.00	1,033,333

<sup>(1)</sup> This tranche was vested and achieved on November 15, 2021.

## EXECUTIVE COMPENSATION (continued)

The Performance Period began on January 2, 2019, and ends on the earliest to occur of: (i) the date on which all shares subject to the Co-Founder Grant vests, (ii) the date Mr. Houston ceases to satisfy the service-based vesting condition, and (iii) March 23, 2028 (“**Performance Period**”). During 2021, the \$30.00 Stock Price Target was achieved and as a result, on November 15, 2021, Mr. Houston vested into 2,066,667 shares. The remaining tranches covering 8,266,666 shares remain outstanding and eligible to vest based on the achievement of the applicable stock price goals and fulfilling the service-based condition. No additional tranches were earned or vested during 2025.

### Welfare and Health Benefits

We have established a tax-qualified Section 401(k) retirement savings plan for our executive officers, including our named executive officers, and other employees who satisfy certain eligibility requirements. Currently, we match contributions made by participants in the plan as follows: dollar for dollar up to a maximum of \$6,000 per calendar year.

We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code (the “**Code**”), so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

Additional benefits received by our executive officers include medical, dental, and vision insurance, fertility benefits, an employee assistance program, commuter and wellness reimbursement programs, health and dependent care flexible spending accounts, health savings accounts, basic and voluntary life and accidental death and dismemberment insurance and disability insurance. All of these benefits are provided to our executive officers on the same basis as to all of our employees.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed, based upon regular monitoring of applicable laws and practices, changes to the working arrangements of our employees and the competitive market.

### Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide significant perquisites or other personal benefits to our executive officers except as generally made available to our employees, or in situations where we believe it is appropriate to assist an individual in the performance of their duties, to make him or her more efficient and effective, and for recruitment and retention purposes.

In 2025, the talent and compensation committee approved the continued provision of security measures for Mr. Houston. We consider the security measures provided to Mr. Houston to be reasonable and necessary expenses for the benefit of the company and not a personal benefit. However, in accordance with SEC disclosure rules, the aggregate incremental cost of these services is reported in the “*Summary Compensation Table for Fiscal Year 2025*.” The talent and compensation committee periodically reviews the nature and cost of this program in relation to Mr. Houston’s security profile. In connection with this review, in August 2025, the talent and compensation committee approved Mr. Houston’s participation in a security program with an annual limit of \$605,000. The talent and compensation committee later approved an increase to this annual limit to \$610,222 to reflect the actual cost of the security services for Mr. Houston in 2025.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as those described in the preceding paragraphs. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the talent and compensation committee.

## EXECUTIVE COMPENSATION (continued)

### Stock Ownership Guidelines

The talent and compensation committee of our board adopted stock ownership guidelines for our independent directors and executive officers, including our Chief Executive Officer. Under these guidelines (i) our Chief Executive Officer is required to acquire and own stock or stock equivalents in an amount equal to five times his annual base salary and (ii) our executive officers (other than our Chief Executive Officer) are required to acquire and own stock or stock equivalents in an amount equal to two times their base annual salary.

For these purposes, owned stock includes shares of stock owned directly or indirectly by the covered individual, but does not include unexercised, unvested or unearned equity awards (including unexercised stock options). Executive officers (including our Chief Executive Officer) are required to meet the applicable ownership requirements within five years of the later of (i) December 1, 2023 or (ii) such executive officer's hire, appointment, promotion or election date, as applicable.

At the end of fiscal 2025, all of our then-current named executive officers have met, exceeded, or are on track to meet, these guidelines based on their current rate of stock accumulations in the time frames set out in the stock ownership guidelines.

### Practices with Regard to Timing of Equity Awards

Our board and the talent and compensation committee of our board does not take material nonpublic information into account when determining the timing and terms of equity grants. We do not have a policy or practice to time equity grants based on the release of material non-public information. We did not grant stock options to any of our named executive officers in 2025 and have never granted stock appreciation rights.

### Compensation Recovery Policy

In August 2023, the talent and compensation committee adopted a compensation recovery ("**clawback**") policy in compliance with Nasdaq and SEC requirements. Consistent with the requirements, for compensation received after October 2, 2023 and during the applicable covered period (which generally includes the three completed fiscal years prior to the restatement date), the clawback policy requires the company to recover excess incentive-based compensation from current and former executives that is granted, earned or vested based upon the attainment of a financial reporting measure in the event of an accounting restatement due to material non-compliance with any financial reporting requirement under U.S. securities laws that was in excess of what would have been received had the incentive-based compensation been determined based on the restated amounts.

## Employment Arrangements

We have entered into written employment letters with our Chief Executive Officer and each of our other executive officers. Each of these arrangements was approved on our behalf by the talent and compensation committee or our board of directors.

In filling each of our executive positions, our board of directors or the talent and compensation committee, as applicable, recognized that we would need to develop competitive compensation packages to attract qualified candidates in a dynamic labor market. At the same time, our board of directors and the talent and compensation committee were sensitive to the need to integrate new executive officers into the executive compensation structure, balancing both competitive and internal equity considerations.

Each of our employment arrangements provides for "at will" employment (meaning that either we or the executive officer may terminate the employment relationship at any time with or without cause) and sets forth the initial compensation arrangements for the executive officer, including an initial base salary, participation in our employee benefit programs, an equity award recommendation, and, in some cases, sign-on bonuses and reimbursement or payment of relocation expenses. These employment arrangements also prohibit the executive officer from engaging directly or indirectly in competition with us during their employment, diverting our customers to a competitor, or disclosing our confidential information or business practices, and recruiting or soliciting any of our employees for a period after their employment.

Our executive officers are also eligible to enter into change in control and severance agreements with the company. These post-employment compensation terms are discussed in "*Post-Employment Compensation*" below.

## EXECUTIVE COMPENSATION (continued)

### Post-Employment Compensation

We have entered into change in control and severance agreements with each of our executive officers, including each of our named executive officers. These agreements provide these individuals with certain protection in the event of their termination of employment under specified circumstances, including following a change in control of the company.

We believe that these protections were necessary to induce these individuals to accept a demanding position with the company and help retain them. These arrangements provide reasonable compensation to an executive officer if they leave our employ under certain circumstances to facilitate transition to new employment. Further, in some instances, we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement as a condition to receiving post-employment compensation payments or benefits. We also believe that these arrangements help maintain our executive officers' continued focus and dedication to their fiduciary duties under Nevada law. The terms and conditions were approved by our board of directors after an analysis of competitive market data.

All payments and benefits in the event of a change in control of the company are payable only if there is a subsequent loss of employment by an executive officer (a so-called "double-trigger" arrangement). In the case of the acceleration of vesting of outstanding equity awards, we use this double-trigger arrangement to protect against the loss of retention value following a change in control of the company, and to avoid windfalls, both of which could occur if vesting of either equity or cash-based awards accelerated automatically as a result of the transaction.

Mr. Houston's Co-Founder Grant (as described below) is eligible to vest in connection with our acquisition if the per share deal price in the acquisition causes a Stock Price Target that has not previously been achieved to be satisfied, in which case the tranche(s) of shares corresponding to that Stock Price Target will vest. Additionally, if the acquisition price falls between a Stock Price Target that has been achieved and one that has not, then a portion of that tranche of shares will vest based on a linear interpolation between each of these Stock Price Targets. See the section titled "*Potential Payments on Termination or Change in Control*" below for additional details.

### Hedging and Pledging Prohibitions

As part of our Insider Trading Policy, our employees (including our executive officers and the non-employee members of our board of directors) are prohibited from trading in publicly-traded options, such as puts and calls, and other derivative securities with respect to our securities. This includes any hedging or similar transaction designed to decrease the risks associated with holding shares of our common stock. In addition, our employees (including our executive officers and the non-employee members of our board of directors) are prohibited from holding our common stock in a margin account or pledging our securities as collateral for a loan.

### Tax and Accounting Considerations

We take the applicable tax and accounting requirements into consideration in designing and operating our executive compensation program.

#### Deductibility of Executive Compensation

Generally, Section 162(m) of the Code disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to their Chief Executive Officer and certain other current and former executive officers that are "covered employees" within the meaning of Section 162(m) of the Code, subject to certain exceptions, including certain compensation paid pursuant to a compensation plan in existence before the effective date of our initial public offering.

The talent and compensation committee has not adopted a policy that all equity or other compensation must be deductible. In approving the amount and form of compensation for our executive officers, the talent and compensation committee considers all elements of our cost of providing such compensation, including the potential impact of Section 162(m) of the Code. The talent and compensation committee may, in its judgment, approve compensation that may not be deductible for federal income tax purposes when it believes that such compensation is in our best interests and the best interests of our stockholders.

## EXECUTIVE COMPENSATION (continued)

### Taxation of Parachute Payments and Deferred Compensation

We do not provide, and have no obligation to provide, any of our named executive officers with a “gross-up” payment for any tax liability he or she might owe because of the application of Sections 280G, 4999 or 409A of the Code. If any of the payments or benefits provided for under the change in control and severance agreements or otherwise payable to a named executive officer would constitute “parachute payments” within the meaning of Section 280G of the Code and could be subject to the related excise tax, he or she would receive either full payment of such payments and benefits or such lesser amount that would cause no portion of the payments and benefits being subject to the excise tax, whichever results in the greater after-tax benefits to our named executive officer.

### Accounting for Stock-Based Compensation

Our talent and compensation committee considers accounting effects in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is ASC Topic 718, the standard which governs the accounting treatment of stock-based compensation awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, restricted stock units and restricted stock awards, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may realize no value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their share-based payment awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

We estimated the grant date fair value of Mr. Houston’s Co-Founder Grant using a model based on multiple stock price paths developed through the use of a Monte Carlo simulation that incorporates into the valuation the possibility that the Stock Price Targets may not be satisfied. The average grant date fair value of the Co-Founder Grant was estimated to be \$10.60 per share, and we will recognize total stock-based compensation expense of \$109.6 million over the requisite service period of each tranche, which ranged from 2.9 to 6.9 years, using the accelerated attribution method. As of December 31, 2024, Mr. Houston’s Co-Founder Grant has been fully recognized, and no further stock-based compensation expense related to the Co-Founder Grant remains.

The fair value of the Co-Founder Grant, whereby vesting is contingent on meeting certain market conditions was estimated using the following assumptions:

<b>Grant date</b>	12/12/2017
<b>Expected IPO date</b>	3/31/2018
<b>Lock-up period</b>	1/1/2019
<b>Expiration date</b>	3/31/2028
<b>Grant price</b>	\$17.15
<b>Expected volatility</b>	40.0%
<b>Risk-free interest rate (continuous)</b>	2.38%
<b>Expected dividends</b>	0%

*Expected grant date, expected IPO date, lock-up period, and expiration date.* The Grant Date, expected IPO date, and the expiration of the lock-up period were estimates at the time of the valuation and correspond to the terms defined in the Restricted Stock Award Agreement.

*Grant price.* The grant price is based on the valuation of Common Stock as of December 12, 2017.

*Expected volatility.* Expected volatility is based on the average of the implied volatility of the longer at-the-money call option and the annualized daily return volatility over the greater of the trading history or the term for each one of the guideline companies. The concluded volatility is then based on the median of the comparable companies.

*Risk-free interest rate.* The risk-free interest rate is interpolated based on the U.S. Treasury rates sourced from S&P Capital IQ with a term commensurate with the remaining performance period.

*Expected dividend.* The company has not paid and does not expect to pay dividends. Consequently, the company uses an expected dividend yield of zero.

### Compensation Risk Assessment

Our management regularly assesses and discusses with the talent and compensation committee our compensation programs, policies, and practices for our employees as they relate to our risk management. In this regard, we undertake a risk review of our employee compensation programs, policies, and practices (including our executive compensation program) each year to determine whether these programs, policies, and practices contain features that might create undue risks or encourage unnecessary and excessive risk-taking that could threaten our value. Based upon this review, we believe that any risks arising from such programs, policies, and practices are not reasonably likely to have a material adverse effect on us.

Our employees' base salaries are fixed in amount and thus we do not believe that they encourage excessive risk-taking. While performance-based cash bonuses and sales commissions focus on achievement of short-term or annual goals, which may encourage the taking of short-term risks at the expense of long-term results, we believe that our compensation policies and the risk mitigation features of our cash bonus plans help mitigate this risk and our performance-based cash bonuses and sales commissions are limited, representing a small portion of the total compensation opportunities available to most non-executive employees. We also believe that our performance-based cash bonuses and sales commissions appropriately balance risk and the desire to focus our employees on specific short-term goals important to our success, and do not encourage unnecessary or excessive risk-taking.

A significant proportion of the compensation provided to most of our employees involves long-term incentive compensation in the form of equity awards that we believe are important to help further align our employees' interests with those of our stockholders. These equity awards directly tie their expectations of compensation to their contributions to the long-term value of our company. We do not believe that these equity awards encourage unnecessary or excessive risk-taking given their multi-year vesting schedules and since their ultimate value is tied to our stock price.

### Potential Payments on Termination or Change in Control

#### Change in Control and Severance Agreements

In order to recruit and maintain a stable and effective management team, the talent and compensation committee believes it is appropriate and necessary to provide assurance of certain severance and change in control benefits approved by the talent and compensation committee, in consultation with its compensation consultant. We entered into change in control and severance agreements with each of our named executive officers that provide for the severance and change in control payments and benefits described below.

#### Basic Severance

If a named executive officer's employment is terminated by us other than for "cause," death, or "disability" or they resign for "good reason" (as such terms are defined in their change in control and severance agreement), in either case, outside the Change in Control Period (as defined below), they will be eligible to receive the following payments and benefits:

- a lump-sum payment equal to 50% of annual base salary as of immediately before their termination (or, if the termination is due to a resignation for good reason based on a material reduction in base salary, then as of immediately before such reduction);
- if they elect to continue health insurance coverage for themselves and their eligible dependents under COBRA, our payment of the monthly premium for such COBRA continuation coverage for up to 6 months (or monthly taxable payments to him or her in lieu of our payment of such premiums); and
- in the case of Messrs. Alkarmi, Dasdan, and Yoon, 3 months' accelerated vesting of the unvested portion of outstanding time-based equity awards.

The receipt of the payments and benefits above is conditioned on the named executive officer timely signing and not revoking a release of claims, returning all documents and property belonging to us, and resigning from all officer and director positions with us. Mr. Regan voluntarily terminated his employment and therefore was not eligible for accelerated vesting of his unvested awards

#### Change in Control Severance

If, within the three-month period prior to a change in control or during the 12-month period following a change in control (such period, the "**Change in Control Period**"), a named executive officer's employment is terminated by us other than for cause, death, or disability or they resign for "good reason" (as defined in their change in control and severance agreement), they will be entitled to the following benefits:

- a lump-sum payment equal to 100% of their annual base salary as of immediately before their termination (or if the termination is due to a resignation for good reason based on a material reduction in base salary, then as of immediately before such reduction) or, if such amount is greater, as of immediately before the change in control;

## EXECUTIVE COMPENSATION (continued)

- a lump-sum payment equal to 100% of their target annual cash bonus opportunity (for the year of their termination);
- if they elect to continue health insurance coverage for themselves and their eligible dependents under COBRA, our payment of the monthly premium for such COBRA continuation coverage for up to 12 months (or monthly taxable payments to him or her in lieu of our payment of such premiums); and
- 100% accelerated vesting of all outstanding equity awards, and, with respect to equity awards with performance-based vesting, unless otherwise specified in the award agreements governing such equity awards, all performance goals or other vesting criteria will be deemed achieved at 100% of target levels.

The receipt of the payments and benefits above is conditioned on the named executive officer timely signing and not revoking a release of claims, returning all documents and property belonging to us, and resigning from all officer and director positions with us.

In addition, if any of the payments or benefits provided for under a change in control and severance agreement or otherwise payable to a named executive officer would constitute “parachute payments” within the meaning of Section 280G of the Internal Revenue Code and could be subject to the related excise tax, the named executive officer would be entitled to receive either full payment of such payments and benefits or such lesser amount that would result in no portion of the payments and benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to the named executive officer. The change in control and severance agreements do not require us to provide any tax gross-up payments to our named executive officers.

### Andrew Houston Co-Founder Grant

In the event of an acquisition of the company before the end of the Performance Period, Mr. Houston’s Co-Founder Grant may be eligible to vest in additional tranche(s) of shares if the per share deal price in the acquisition causes a Stock Price Target that has not previously been achieved to be satisfied, in which case the tranche(s) of shares corresponding to that Stock Price Target will vest. Additionally, if the acquisition price falls between a Stock Price Target that has been achieved and one that has not, then a portion of that tranche of shares will vest based on a linear interpolation between each of these Stock Price Targets. See the section titled “*Executive Compensation—Co-Founder Grant*” above.

### Amount of Payments Upon Termination at 2025 Year-End

The following table describes the payments that would have been provided to each of our named executive officers in the event that they were involuntarily terminated by Dropbox without cause or resigned for good reason outside of a change in control context, assuming such termination occurred on December 31, 2025. Mr. Regan is not included in this table since he voluntarily terminated his employment with the company prior to December 31, 2025.

Ashraf Alkarmi	250,000	—	934,664	17,578	1,202,242

<sup>(1)</sup> Value based on a per share price of \$27.80, which was the closing price for a share of our Class A common stock, as reported on December 31, 2025, the last trading day of the year.

## EXECUTIVE COMPENSATION (continued)

The following table describes the payments that would have been provided to each of our named executive officers that remained employed by the company as of December 31, 2025, upon termination of employment in connection with a change in control of Dropbox as described above, assuming such termination had occurred on December 31, 2025. Mr. Regan is not included in this table since he resigned as our Chief Financial Officer prior to December 31, 2025.

Name <sup>(1)</sup>	Base Salary Component (\$)	Cash Bonus Component (\$)	Value of Accelerated Equity Awards (\$) <sup>(2)</sup>	280G Gross-up (\$)	Value of Benefits (\$)	Total (\$)

Ashraf Alkarmi	500,000	500,000	11,215,966	—	35,156	12,251,122

<sup>(1)</sup> All of our named executive officers are subject to a better-after-tax provision whereby Dropbox would either pay such person (i) the full amount of their severance benefits or, alternatively (ii) an amount of certain severance benefits otherwise payable to them such that the severance benefits will not be subject to the tax imposed by Section 4999 of the Code, whichever produces the better after-tax result for such named executive officer.

<sup>(2)</sup> Unless otherwise noted, the value is based on a per share price of \$27.80, which was the closing price for a share of our Class A common stock as reported on December 31, 2025, the last trading day of the year.

<sup>(3)</sup> Excludes 8,266,666 shares of Class A common stock underlying RSAs subject to Mr. Houston's Co-Founder Grant. See the section titled "Executive Compensation—Potential Payments on Termination or Change in Control—Certain Equity Awards" above for additional information regarding the terms of Mr. Houston's Co-Founder Grant in connection with a change in control.

## EXECUTIVE COMPENSATION (continued)

### CEO Pay Ratio

In accordance with Item 402 of Regulation S-K under the Securities Act (“**Item 402**”), below is the ratio of the annual total compensation of the median employee of the company to the annual total compensation of the CEO (the “**Pay Ratio Disclosure**”).

In order to identify our median employee, we examined the total compensation in 2025 of all employees globally, including those employed on a full-time, part-time, seasonal or temporary basis by the company as of December 31, 2025, and then such compensation was converted into U.S. dollars. We did not annualize compensation for employees who were not employed for the entire 2025 fiscal year. We chose total compensation to use as our consistently applied compensation measure. Total compensation includes each employee’s base salary, bonuses, sales commissions paid and the grant date fair market value of equity awards granted during the 12-month period from January 1, 2025 through December 31, 2025.

Our CEO had annual total compensation for 2025, calculated using the requirements of Item 402 for purposes of the Pay Ratio Disclosure, of \$2,166,622. The annual total compensation of the median employee of the company for 2025, calculated using the same requirements under Item 402 for purposes of the Pay Ratio Disclosure, which included base pay, incentive compensation, the grant date fair value of equity grants and the company’s matching contribution to that employee’s 401(k) plan account, was \$286,151. Accordingly, the ratio of the annual total compensation of the CEO to the annual total compensation of the median employee of the company was 8:1.

The Pay Ratio Disclosure presented above is a reasonable estimate calculated in a manner consistent with Item 402. Because the SEC’s final regulations for identifying the median employee, calculating annual total compensation and determining the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, the company’s Pay Ratio Disclosure may not be comparable to that reported by other companies.

(4) The dollar amounts reported in column (e) represent the average amount of "compensation actually paid" to the NEOs as a group (excluding Mr. Houston), as computed in accordance with Item 402(v) of Regulation S-K. The dollar amounts do not reflect the actual average amount of compensation earned by or paid to the NEOs as a group (excluding Mr. Houston) during the applicable year. In accordance with the requirements of Item 402(v) of Regulation S-K, the following adjustments were made to average total compensation for the NEOs as a group (excluding Mr. Houston) for each year to determine the compensation actually paid, using the same methodology described above in Note 2:

Year	Average Reported Summary Compensation Table Total for Non-PEO NEOs (\$)	Average Reported Value of Equity Awards (\$)	Average Equity Award Adjustments (\$) <sup>(a)</sup>	Average Compensation Actually Paid to Non-PEO NEOs (\$)
2025	9,532,069	8,631,309	8,629,604	9,530,364
2024	7,182,866	6,566,199	6,882,177	7,498,844
2023	2,515,311	2,049,960	699,685	1,165,036
2022	3,473,372	2,607,061	-337,824	528,487
2021	2,832,378	1,946,253	375,828	1,261,953

(a) The amounts deducted or added in calculating the total average equity award adjustments are as follows:

Year	(a)	(b)	(c)	(d)	(e)	(f)	Total Average Equity Award Adjustments (\$) <sup>(a)</sup>
Year	Average Year End Fair Value of Equity Awards (\$)	Year over Year Average Change in Fair Value of Outstanding and Unvested Equity Awards (\$)	Average Fair Value as of Vesting Date of Equity Awards Granted and Vested in the Year (\$)	Year over Year Average Change in Fair Value of Equity Awards Granted in Prior Years that Vested in the Year (\$)	Average Fair Value at the End of the Prior Year of Equity Awards that Failed to Meet Vesting Conditions in the Year (\$)	Average Value of Dividends or other Earnings Paid on Stock or Option Awards not Otherwise Reflected in Fair Value or Total Compensation (\$)	Total Average Equity Award Adjustments (\$) <sup>(a)</sup>
2025	6,809,226	-107,298	1,918,157	9,520	0	0	8,629,604
2024	5,703,394	62,853	1,382,982	-267,053	0	0	6,882,177
2023	2,271,117	586,030	460,877	299,187	-2,917,528	0	699,685
2022	2,038,975	-2,637,402	479,292	-218,688	0	0	-337,824
2021	1,455,584	1,400,515	385,547	648,906	3,514,724	0	375,828

(a) The total average equity award adjustment is calculated by adding the values in columns (a), (b), (c), (d), and (f) less (e). Due to rounding, the total average equity award may not equal the total obtained by adding and subtracting the applicable columns.

# EXECUTIVE COMPENSATION (continued)

- (5) Cumulative total shareholder return (“**TSR**”) is calculated as the difference between the company’s share price at the end and the beginning of the measurement period divided by the company’s share price at the beginning of the measurement period.
- (6) The peer group used for this purpose is the following published industry index: Nasdaq Computer Index.
- (7) The dollar amounts reported represent the amount of net income reflected in the company’s audited financial statements for the applicable year.
- (8) Annual revenue was calculated to exclude the impact of foreign exchange from our annual revenue reflected in our audited financial statements for the applicable fiscal year by applying the prior year weighted average exchange rate to the applicable period’s results.

## Financial Performance Measures

As described in greater detail in the section titled “*Executive Compensation—Compensation Discussion and Analysis*,” the company’s executive compensation program reflects a variable pay-for-performance philosophy. The measures that the company uses in its short-term incentive awards are selected based on an objective of incentivizing our NEOs to increase the value of our enterprise for our shareholders. The most important financial performance measures used by the company to link executive compensation actually paid to the company’s NEOs, for the most recently completed fiscal year, to the company’s performance are as follows (not listed in any order of importance):

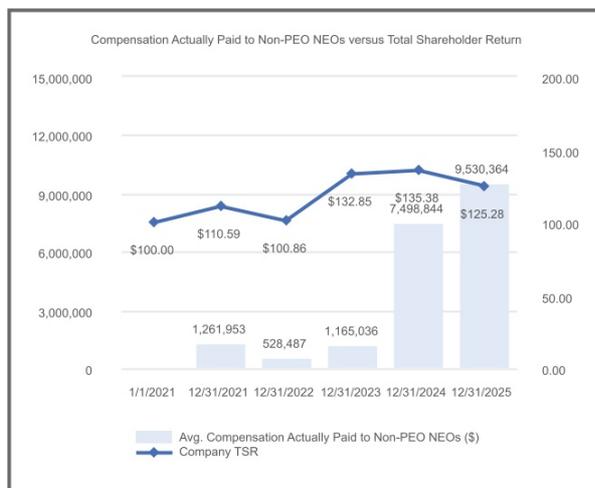

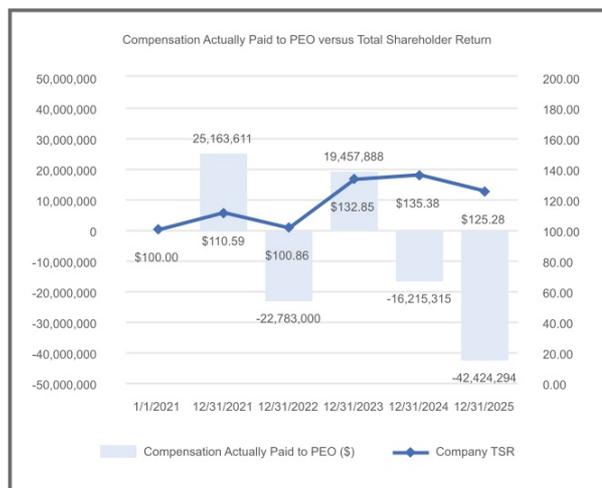

- Revenue
- Non-GAAP operating margin
- Stock price

## Analysis of the Information Presented in the Pay Versus Performance Table

As described in more detail in the section titled “*Executive Compensation—Compensation Discussion and Analysis*,” the company’s executive compensation program reflects a variable pay-for-performance philosophy. While the company utilizes several performance measures to align executive compensation with company performance, not all of those company measures are presented in the “*Pay Versus Performance*” table. Moreover, the company generally seeks to incentivize long-term performance, and therefore does not specifically align the company’s performance measures with compensation that is actually paid (as computed in accordance with Item 402(v) of Regulation S-K) for a particular year. In accordance with Item 402(v) of Regulation S-K, the company is providing the following descriptions of the relationships between information presented in the “*Pay Versus Performance*” table.

## Compensation Actually Paid and Cumulative TSR

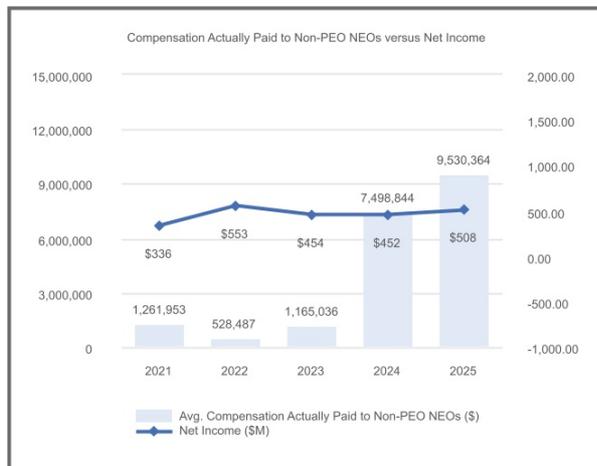

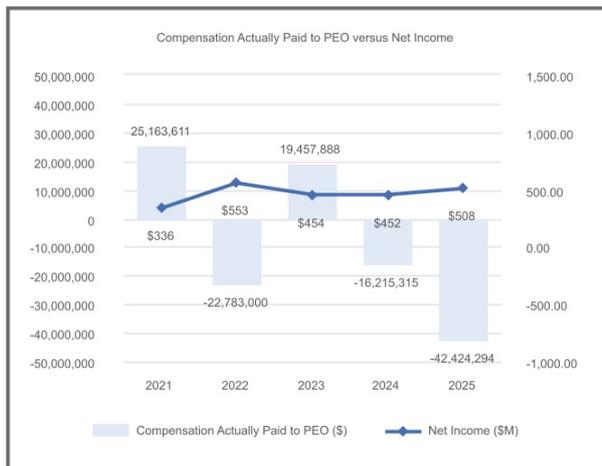

As demonstrated by the following graph, the amount of compensation actually paid to Mr. Houston decreased between 2021 and 2022, increased between 2022 and 2023, and then decreased again in 2024 and 2025. The average amount of compensation actually paid to the company’s NEOs as a group (excluding Mr. Houston) decreased between 2021 and 2022 and increased between 2022 and 2025. During that five-year period, total shareholder return has been positive. The variance in compensation actually paid over the five-year period is because a significant portion of compensation actually paid is comprised of equity awards, and in the case of Mr. Houston, vesting of equity awards is contingent upon achieving stock price targets as described in more detail in the section titled “*Executive Compensation—Compensation Discussion and Analysis*”.

# EXECUTIVE COMPENSATION (continued)

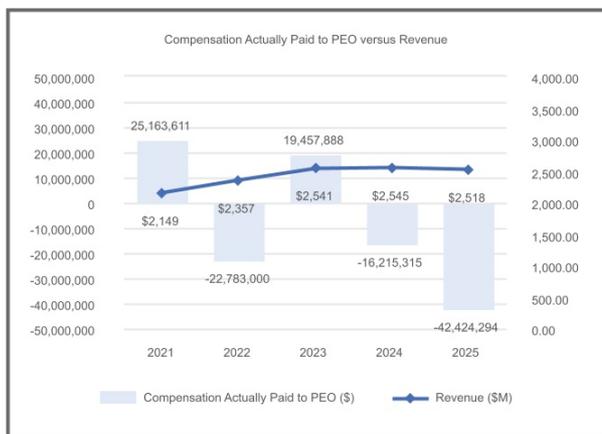

## Compensation Actually Paid and Net Income

As demonstrated by the following graph, the amount of compensation actually paid to Mr. Houston decreased between 2021 and 2022, increased between 2022 and 2023, and then decreased again in 2024 and 2025. Meanwhile, the company's net income stabilized at a strong position over the same period. The average amount of compensation actually paid to the company's NEOs as a group (excluding Mr. Houston) decreased between 2021 and 2022 and increased between 2022 and 2025, while the company's net income stabilized at a strong position over the same period. We do not use net income as a performance measure in our short or long-term incentive programs and as further discussed in the section titled "Executive Compensation—Compensation Discussion and Analysis", a majority of the total compensation for the company's NEOs is in the form of equity and therefore tied to stock price performance.

## Compensation Actually Paid and Revenue

As demonstrated by the following graph, the amount of compensation actually paid to Mr. Houston decreased between 2021 and 2022, increased between 2022 and 2023, and decreased again in 2024 and 2025. Meanwhile, the company's revenue increased between 2021 and 2024, before declining slightly in 2025. The average amount of compensation actually paid to the company's NEOs as a group (excluding Mr. Houston) decreased between 2021 and 2022 and increased between 2022 and 2025. Over the same period, the company's revenue increased from 2021 through 2024, followed by a slight decline in 2025. The company has determined that revenue is the financial performance measure that, in the company's assessment, represents the most important financial measure used by the company to link compensation actually paid to the company's NEOs, for the most recently completed fiscal year, to company performance. As further discussed above in the section titled "Executive Compensation—Compensation Discussion and Analysis", revenue represents two-thirds of the corporate multiplier of the short-term incentive plan.

## EXECUTIVE COMPENSATION (continued)

### Cumulative TSR of the Company and Cumulative TSR of the Peer Group

As demonstrated by the following graph, the company’s cumulative TSR over the five-year period presented in the table grew by 25%, while the cumulative TSR of the peer group presented for this purpose, the Nasdaq Computer Index, was 158% over the five years presented in the graph. For more information regarding the company’s performance and the companies that the talent and compensation committee considers when determining compensation, refer to the section titled “Executive Compensation—Compensation Discussion and Analysis.”

## CERTAIN RELATIONSHIPS, RELATED PARTY AND OTHER TRANSACTIONS

Since the beginning of our last fiscal year we have not engaged in any transactions that would require disclosure under Item 404(a) of Regulation S-K, and are not aware of any such transactions currently proposed.

### Policies and Procedures for Related Person Transactions

Our audit committee has the primary responsibility for reviewing and approving or disapproving “related party transactions,” which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. Our policy regarding transactions between us and related persons provides that a related person is defined as a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and any of their immediate family members. Our audit committee charter provides that our audit committee shall review and approve or disapprove any related party transactions.

Under this policy, all related person transactions may be consummated or continued only if approved or ratified by our audit committee. In determining whether to approve or ratify any such proposal, our audit committee will take into account, among other factors it deems appropriate, (i) whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party and (ii) the extent of the related person’s interest in the transaction. The policy grants standing pre-approval of certain transactions, including (i) executive compensation governed by our standard compensation and benefits policies, (ii) director compensation arrangements governed by our standard director compensation policies, (iii) transactions with another company at which a related person’s only relationship is as an employee (other than an executive officer), director, or beneficial owner of less than 10% equity interest of that company, if the aggregate amount involved does not exceed the greater of \$200,000 or 2% of the recipient’s consolidated gross revenues, (iv) charitable contributions, grants or endowments by us to a charitable organization, foundation or university where the related person’s only relationship is as an employee (other than an executive officer), or director, if the aggregate amount involved does not exceed the lesser of \$1,000,000 or 2% of the charitable organization’s total annual receipts, (v) any transaction available to all U.S. employees generally, and (vi) transactions where a related person’s interest arises solely from the ownership of our common stock and all holders of our common stock received the same benefit on a pro rata basis.

## OTHER MATTERS

### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

SEC regulations require us to identify in this proxy statement anyone who filed a required report late during the most recent fiscal year. Based solely on our review of copies of such forms that we have received, or written representations from reporting persons, we believe that during the fiscal year ended December 31, 2025, all executive officers, directors and greater than 10% stockholders complied with all applicable SEC filing requirements.

### Fiscal Year 2025 Annual Report and SEC Filings

## APPENDIX A

### Reconciliation of GAAP financial measures to non-GAAP financial measures

This proxy statement contains information regarding two non-GAAP financial measures: non-GAAP operating margin and free cash flow, each of which are not calculated in accordance with GAAP. Non-GAAP operating margin is calculated as our non-GAAP income (loss) from operations divided by revenue. Non-GAAP income (loss) from operations differs from GAAP in that it excludes stock-based compensation expense, amortization of acquired intangible assets, other acquisition-related expenses, which include third-party diligence costs and expenses related to key employee holdback agreements, net (gain) loss on real estate assets, and expenses related to our reduction in workforce. Free cash flow differs from GAAP net cash provided by operating activities in that it treats capital expenditures as a reduction to net cash provided by operating activities.

We believe that these non-GAAP financial measures are appropriate to enhance an overall understanding of our fiscal 2025 performance in relation to the principal elements of Dropbox's annual executive compensation program considered by the talent and compensation committee, as described in the section titled "Executive Compensation—*Compensation Discussion and Analysis*."

The use of non-GAAP operating margin and free cash flow has certain limitations as they do not reflect all items of income, expense, and cash expenditures, as applicable, that affect Dropbox's operations. Dropbox compensates for these limitations by reconciling the non-GAAP financial measures to the most comparable GAAP financial measures. These non-GAAP financial measures should be considered in addition to, not as a substitute for or in isolation from, measures prepared in accordance with GAAP. Further, these non-GAAP measures may differ from the non-GAAP information used by other companies, including peer companies, and therefore comparability may be limited. Management encourages stockholders and others to review Dropbox's financial information in its entirety and not rely on a single financial measure.

Stockholders should review the reconciliation of non-GAAP operating margin and free cash flow to their most directly comparable GAAP financial measures, as provided in the following tables (in millions, except for percentages, which may not foot due to rounding):

#### Non-GAAP operating margin

	Twelve Months Ended December 31,

At each annual meeting of stockholders, directors of the Corporation shall be elected to hold office until the expiration of the term for which they are elected and until their successors have been duly elected and qualified or until their earlier resignation or removal; except that if any such election shall not be so held, such election shall take place at a stockholders' meeting called and held in accordance with the NRS.

2. Board Structure. From and after the Voting Threshold Date, the directors, other than any who may be elected by the holders of any series of Preferred Stock under specified circumstances, shall be divided into three (3) classes as nearly equal in size as is practicable, hereby designated Class I, Class II and Class III. The Board may assign members of the Board already in office to such classes at the time such classification becomes effective. The term of office of the initial Class I directors shall expire at the first regularly-scheduled annual meeting of the stockholders following the date on which the classified Board becomes effective (the "**Classified Board Effective Date**"), the term of office of the initial Class II directors shall expire at the second annual meeting of the stockholders following the Classified Board Effective Date, and the term of office of the initial Class III directors shall expire at the third annual meeting of the stockholders following the Classified Board Effective Date. At each annual meeting of stockholders, commencing with the first regularly scheduled annual meeting of stockholders following the Classified Board Effective Date, each of the successors elected to replace the directors of a Class whose term shall have expired at such annual meeting shall be elected to hold office for a three year term and until the third annual meeting next succeeding his or her election and until his or her respective successor shall have been duly elected and qualified. Prior to the Classified Board Effective Date, all directors shall be elected at each annual meeting of stockholders to serve until the next annual meeting of stockholders (except, for the avoidance of doubt, as provided in this [Section VII.2](#) in the event a Classified Board Effective Date occurs) and until his or her successor shall have been duly elected and qualified. Notwithstanding the foregoing provisions of this [Article VII](#), whether before or after the Classified Board Effective Date, each director shall serve until his or her successor is duly elected and qualified or until his or her death, resignation, or removal. From and after the Classified Board Effective Date, if the number of directors is thereafter changed, any newly created directorships or decrease in directorships shall be so apportioned among the classes as to make all classes as nearly equal in number as is practicable. No decrease in the number of directors constituting the Board, whether before or after the Classified Board Effective Date, shall shorten the term of any incumbent director.

3. Removal; Vacancies. Any director may be removed from office by the stockholders of the Corporation as provided in NRS 78.335. Vacancies occurring on the Board for any reason and newly created directorships resulting from an increase in the authorized number of directors may be filled only by vote of a majority of the remaining members of the Board, although less than a quorum, or by a sole remaining director, at any meeting of the Board, and not by stockholders. A person elected to fill a vacancy or newly created directorship shall hold office until the next election of the class for which such director shall have been chosen and until his or her successor shall be duly elected and qualified.

## **ARTICLE VIII MANAGEMENT OF BUSINESS AND CONDUCT OF AFFAIRS**

1. The following provisions are inserted for the management of the business and the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

2. Board Power. The business and affairs of the Corporation shall be managed by or under the direction of the Board. In addition to the powers and authority expressly conferred by statute or by these Articles or the ~~Bylaws of the Corporation~~, the Board is hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation.

3. Written Ballot. Elections of directors need not be by written ballot unless otherwise provided in the ~~Bylaws of the Corporation~~.

4. Amendment of Bylaws. In furtherance and not in limitation of the powers conferred by the NRS, the Board is expressly authorized to adopt, amend or repeal the Bylaws ~~of the Corporation~~.

5. Special Meetings. Special meetings of the stockholders may be called only by (i) the Board pursuant to a resolution adopted by a majority of the Whole Board; (ii) the chairman of the Board; (iii) the chief executive officer of the Corporation; (iv) the president of the Corporation (in the absence of a chief executive officer); or (v) prior to the Final Conversion Date, the holders of at least thirty percent (30%) of the voting power of the Class A Common Stock and Class B Common Stock, voting together as a single class and acting in compliance with the Bylaws ~~of the Corporation~~.

6. Availability of Stockholder Action by Written Consent. Subject to the rights of the holders of any series of Preferred Stock, from and after the Voting Threshold Date, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders. Subject to the rights of the holders of any series of Preferred Stock, before the Voting Threshold Date, any action required or permitted to be taken by the stockholders of the Corporation may be taken without a meeting only if the action is first recommended or approved by the Board.

7. No Cumulative Voting. No stockholder will be permitted to cumulate votes at any election of directors.

8. No Reliance on the Controlled Company Exemption. At any time during which shares of capital stock of the Corporation are listed for trading on the New York Stock Exchange, NASDAQ Global Select Market or NASDAQ Global Market or any successor markets or exchanges, the Corporation shall not rely upon the Controlled Company Exemption.

#### **ARTICLE IX LIMITATION OF LIABILITY**

The liability of directors and officers of the Corporation is hereby eliminated or limited to the fullest extent permitted by the NRS. Without limiting the effect of the preceding sentence, if the NRS is amended to further eliminate or limit or authorize corporate action to further eliminate or limit the liability of directors or officers, the liability of directors and officers of the Corporation shall be eliminated or limited to the fullest extent permitted by the NRS, as so amended. Neither any amendment nor repeal of this Article IX, nor the adoption of any provision of these Articles inconsistent with this Article IX, shall eliminate, reduce or otherwise adversely affect any limitation on the personal liability of a director or officer of the Corporation existing at the time of such amendment, repeal or adoption of such an inconsistent provision.

#### **ARTICLE X SEVERABILITY AND AMENDMENT**

1. If any provision of these Articles becomes or is declared on any ground by a court of competent jurisdiction to be illegal, unenforceable or void, portions of such provision, or such provision in its entirety, to the extent necessary, shall be severed from these Articles, and the court will replace such illegal, void or unenforceable provision of these Articles with a valid and enforceable provision that most accurately reflects the Corporation's intent, in order to achieve, to the maximum extent possible, the same economic, business and other purposes of the illegal, void or unenforceable provision. The balance of these Articles shall be enforceable in accordance with its terms.

2. Except as provided in Article IX above, the Corporation reserves the right to amend, alter, change or repeal any provision contained in these Articles, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders herein are granted subject to this reservation; provided, however, that, notwithstanding any other provision of these Articles or any provision of law that might otherwise permit a lesser vote, but in addition to any vote of the holders of any class or series of the stock of this Corporation required by law or by these Articles, (i) prior to the Final Conversion Date, (a) the affirmative vote of the holders of at least two-thirds of the voting power of the outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend, alter, change or repeal any provision contained in these Articles or adopt any new provision of these Articles and (b) the affirmative vote of a majority of the outstanding shares of Class A Common Stock and the affirmative vote of a majority of the outstanding shares of Class B Common Stock, each voting separately as a class, shall be required to amend or repeal, or adopt any provision of these Articles inconsistent with, Article V or this clause (i)(b) of Article X of these Articles (except in either case by virtue of a filing of a Preferred Stock Designation, but subject to any vote required by law or by other provisions of these Articles with respect to such Preferred Stock Designation), and (ii) from and after the Final Conversion Date, the affirmative vote of the holders of at least two-thirds of the voting power of the outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend or repeal, or adopt any provision of these Articles inconsistent with, Article VII, Article VIII or this Article X.

**[ARTICLE XI](#)**  
**[LIMITED WAIVER OF JURY TRIAL](#)**

[To the fullest extent not inconsistent with any applicable U.S. federal laws, any and all "internal actions" \(as defined in NRS 78.046\) must be tried in a court of competent jurisdiction before the presiding judge as the trier of fact and not before a jury. This Article XI shall conclusively operate as a waiver of the right to trial by jury by each party to any such internal action.](#)
